ATAL Tinkering Lab (ATL) is a hub for creativity, robotics, and hands-on STEM learning. We are looking for an energetic and tech-savvy **ATL Teacher** to guide students in innovation, design thinking, and real-world problem-solving.

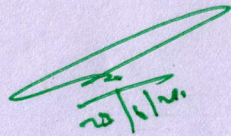

Role & Responsibilities:

- Manage and maintain the ATL lab and its equipment (3D printers, Arduino kits, robotics sets, etc.).
- Conduct regular sessions and workshops on electronics, robotics, coding, IoT, and 3D printing and AI
- Mentor students in tinkering activities, scientific experiments, and innovation projects.
- Encourage participation in national innovation challenges, exhibitions, and competitions.
- Foster a collaborative and exploratory environment for students to innovate.
- Ensure safety protocols are followed during lab activities.
- Keep an inventory of materials and requisition new supplies as needed.
- Collaborate with subject teachers to integrate STEAM concepts across the curriculum.

Qualifications & Skills:

- **Bachelor's degree in Engineering related field (electronics and communication) + B.ED optioal**
- Passion for innovation, STEAM education, and hands-on learning.
- Prior experience with ATL, robotics kits, coding platforms (Scratch, Arduino, Raspberry Pi, etc.) is highly desirable.
- Good communication skills and the ability to engage school students effectively.
- Strong problem-solving and mentoring ability
