

Cyber Awareness Week

Activity-wise report for Cyber Awareness Week

As part of the national initiative to spread awareness about cyber safety, **KV INS KALINGA** organized a **Cyber Awareness Week** as per the calendar of activities given. The week featured interactive and educational activities including **Quiz Competitions**, **Drawing Competitions**, and **Skits**, aimed at educating students about responsible digital behaviour, online threats, and the importance of cybersecurity.

2. Activity-Wise Details

A. Quiz Competition on Cyber Safety

- **Target Classes:** 6 to 12
- **Objective:** To test and reinforce students' knowledge of cyber threats, safe online practices, password protection, social media awareness, and digital ethics.
- **Format:** Oral
- **Participation:** Over 40 students participated in class-wise and group rounds.
- **Highlights:** Students showed great enthusiasm and awareness about modern cyber issues like phishing, cyberbullying, and two-factor authentication.

Prizes Awarded:

- 🏆 **Winners (1st Position):**
 - Award: **32 GB Pen Drive**
 - Number of Winners: 5
- 🥈 **Runners-Up (2nd Position):**
 - Award: **16 GB Pen Drive**
 - Number of Runners: 5

B. Drawing Competition on Cyber Safety

- **Target Classes:** 6 to 12
- **Theme:** *"Be Safe, Be Smart Online"*
- **Objective:** To creatively express the importance of cyber hygiene, privacy, and digital safety.
- **Participation:** Over 80 students submitted colourful and thoughtful entries depicting ideas such as:
 - Strong password creation
 - Dangers of cyberbullying
 - Secure social media practices
 - Importance of antivirus software

Prizes Awarded:

- 🏆 **Winner (Best Drawing):**
 - Award: **32 GB Pen Drive**
 - Number of Winners: 1
- 🥈 **Runner-Up:**
 - Award: **16 GB Pen Drive**
 - Number of Runners: 1

C. Skits on Cyber Safety

- **Target Classes:** 9 to 12
- **Objective:** To dramatize real-life cyber safety issues and spread awareness among peers
- **Themes Presented:**
 - Cyberbullying and emotional impact
 - Online gaming addiction
 - Identity theft and digital footprints
 - Social media dos and don'ts
- **Format:** Group performances during school assembly and special sessions
- **Outcome:** Skits were impactful and well-received by students and staff. They delivered strong messages using relatable scenarios, helping students understand the consequences of irresponsible online behaviour.

Note: Although no prizes were distributed for skits, participation certificates were given to all performers.

3. Overall Outcome

- Students developed a clear understanding of cyber safety issues.
 - Active participation across all classes.
 - Increased awareness of digital citizenship and ethical online behaviour.
 - Positive feedback received from teachers, students, and parents.
-

4. Conclusion

Cyber Awareness Week at Kendriya Vidyalaya INS Kalinga was a **resounding success**, achieving its goal of making students aware of online safety and responsible internet use. Through quizzes, art, and performances, the week fostered a learning environment that blended creativity with awareness. The distribution of prizes like pen drives encouraged participation and served as a useful tech-related reward.
