मजेदार दिन / FUN DAY

INTRODUCTION

Fun is one of the most important - and underrated - ingredients in any successful venture

The Board of Governors, KVS has approved introduction of fun day in Primary Section on every Saturday on the recommendation of Academic Advisory Committee 2017.

The objective of the Programme is to nurture children at the young age and bring out their hidden talent in different fields and to promote all round development of the students of the Primary Section. A Fun day also offer pupils a chance to challenge their abilities and develop new friendships.

Children experience new and challenging activities and their skills unfold. It helps in building confidence in children and teachers come to know about their child's strength and weaknesses. It's a great opportunity for teachers to discover more about their children. It's a great chance for children to enjoy together creating a positive and reviving environment for the children. It's a great opportunity to create amazing memories that can be cherished for lifetime.

Abraham Maslow said, “Almost all creativity involves purposeful play”.

In fact, when learning is fun, you can see a positive influence on learners. After all, fun has a positive effect on motivation levels, determining what we learn and how much we retain. Learning isn't a one-off event. It requires repetition and dedication. If the experience is fun, learners will stay curious and keep coming back for more.

AT A GLANCE

Funday

The day began with lot of energy, excitement and joy as it was the first fun day of session. Lot of activities took place and students participated in all the programs with great zeal and enjoyment
