From Principal's desk :-

We, at Kendriya Vidyalaya NTPC RIHAND NAGAR ensure high quality education which motivates and empowers our students to be lifelong learners and the productive members of the society. Education is not just the amount of information that is put into a child's brain. Our education system is the one that cater the individual needs of our students.

Success for all students is ensured at our school by the delivery of an enriching, child centred, balanced and structured curriculum and a whole school focus on student welfare that focuses on the positive recognition of student achievements.
