‘मध्य और माध्यमिक स्तर पर व्यावसायिक शिक्षा को एकीकृत करना’ विषय पर प्रशिक्षित स्नातक शिक्षकों (कार्यानुभव) हेतु 27 से 31 जनवरी 2025 तक आयोजित 5-दिवसीय कार्यशाला बहुत ही उपयोगी और ज्ञानवर्धक रहा। संसाधकों और विषय विशेषज्ञ अतिथि वक्ताओं द्वारा लिए गए सत्रों में 10-दिवसीय बैंगलेस देस की गतिविधियाँ, बेस्ट आउट ऑफ वेस्ट, इलेक्ट्रॉनिक सर्किट, ऑरगामी, मोमबत्ती बनाना, बागवानी इत्यादि पर विशेष जानकारी प्राप्त किया। 21 वीं सदी के कौशल विकास के अंतर्गत टिकर कैंड, 3-डी डिजाइन और ड्रोन तकनीकी के व्यावहारिक सत्रों में शामिल होकर हमें अद्भुत अनुभव मिला। इस विषय पर भी चर्चा हुई की समावेशी शिक्षा को किस प्रकार विद्यालय में लागू करें और कार्यानुभव कक्षाओं को किस तरह से रोचक बनाया जा सकता है।

श्री. राजू उपाध्याय, प्रशिक्षित स्नातक शिक्षक (कार्यानुभव), पीएम श्री के.वि. बागडोगरा (कोलकाता संभाग)

I have attended a 5-Day workshop for TGTs on 'Enhancing Teaching-Learning in Middle Stage through Digital Tools' at ZIET, Bhubaneswar from 03rd to 07th February 2025. The Resource Persons and Course Coordinator imparted essential and beneficial knowledge to all the participants making the experience truly enriching. In our professional life we often come across situations where we feel the need for assistance in digital tools and this workshop filled the lacuna. The workshop provided a hands-on learning experience to all the participants. Various effective techniques for integrating digital tools into teaching-Learning were also discussed and all the doubts were duly clarified.

Ms. Shuvangi Mohanta, TGT (English), PM SHRI KV Barpeta (Guwahati Region)

‘राष्ट्रीय शिक्षा नीति 2020 के अनुरूप कला शिक्षा की पुनर्कल्पना’ विषय पर प्रशिक्षित स्नातक शिक्षकों (कला शिक्षा) हेतु 10 से 14 फरवरी 2025 तक आयोजित 5-दिवसीय कार्यशाला में मुझे कला समेकित शिक्षा के महत्वपूर्ण पहलुओं को सही तरीके से समझने का अवसर प्राप्त हुआ। कला शिक्षा के विभिन्न क्षेत्रों जैसे खिलौने बनाना, लाख-मूर्ति कला, पॉटरी, मुखौटे बनाना, डिजिटल कला शिक्षा आदि के बारे में व्यावहारिक सत्र अत्यंत उपयोगी रहे। कला न सिर्फ एक विषय है बल्कि यह सभी विषयों का सार है। अतः कला शिक्षा के माध्यम से अन्य विषयों की जटिलता को भी सरल बनाने में सहायता मिलती है। राष्ट्रीय शिक्षा नीति 2020 में व्यावसायिक शिक्षा, पाठ्यक्रम के भार को कम करना व खेल-खेल में सीखना, कला एवं तकनीकी शिक्षा आदि से संबंधित महत्वपूर्ण एवं बौद्धिक सत्रों का आयोजन किया गया जो हमारे शिक्षण विधि में परिवर्तन लाने में सहायक सिद्ध होगी।

सुश्री. वंदना मिश्रा, प्रशिक्षित स्नातक शिक्षिका (कला शिक्षा), पीएम श्री के.वि. उत्तर लखीमपुर (गुवाहाटी संभाग)

Attending the 5-Day workshop specially designed for PRTs on 'Harnessing ICT Tools for Effective Teaching Learning in Foundational & Preparatory Stages' at ZIET, Bhubaneswar from 17th to 21st February 2025, was an enriching experience. The knowledge gained from the workshop will not only simplify and enhance the teaching process but also significantly improve student's learning outcome. ZIET, Bhubaneswar through this initiative has taken a commendable step towards prompting digital literacy and technology driven education. As a participant I found this workshop immensely beneficial and look forward to implementing these technological advancements in my teaching practices. This workshop was truly a milestone in integrating ICT tools into the educational framework, ensuring a more engaging and effective learning environment for students.

Ms. Meenakshi, PRT, PM SHRI KV Bengdubi (Kolkata Region)

"स्कूल सुरक्षा' पर 03 अक्टोबर 2024 को 01-दिवसीय ऑनलाइन कार्यशाला में भाग लेने के बाद मुझे कई छोटी-छोटी बातों के बारे में पता चला है जिन्हें हम आम तौर पर अनदेखा कर देते हैं लेकिन विद्यालय में बच्चों के लिए एक सुरक्षित वातावरण बनाने के लिए बहुत महत्वपूर्ण हैं। मुझे POCSO अधिनियम 2012 और बाल शोषण की किसी भी घटना को रोकने के लिए उठाए जाने वाले कदमों के बारे में भी पता चला। मुझे साइबर सुरक्षा पर महत्वपूर्ण सुझाव भी मिले और यह भी ज्ञात हुआ कि प्रत्येक छात्र के लिए सुरक्षित वातावरण सुनिश्चित करने के लिए शिक्षण की प्रक्रिया में आवश्यक संशोधन कैसे करें।"

सुश्री. साक्षी चौधरी, प्राथमिक शिक्षिका, के.वि. रंगपहाड़ कैंट (तिनसुकिया संभाग)

"After attending the 5-Day Workshop on 'Pedagogy of Social Science and Assessment in Middle Stage' from 21 to 25 October 2024, I gained insight into key aspects of NEP 2020 and NCF SE 2023, Competency-based Education and various Pedagogical strategies including Experiential Learning and Integrated Learning, all of which focus on making teaching-learning engaging, holistic and Learner-centric. I learned how to design lesson plans based on learning outcomes aligned with competencies and also how to transform assessment to promote student development. This training has empowered me to implement these approaches effectively and in a more systematic and refined manner in my classroom not only to enhance learning outcomes but also to nurture the five-fold development- 'Panchkosh Vikas' of every learner, a step towards shaping future-ready, holistically developed learners as envisioned by the National Education Policy 2020.

Mr. Debdulal Mazumdar, TGT (S.Sc.), PMSHRI KV New Bongaigaon (Guwahati Region)

"I have attended a 05-Day Workshop on 'Pedagogy of Mathematics and Assessment in Middle Stage' from 04 to 08 November, 2024. Several significant topics like writing a meaningful statement of teaching philosophy, Experiential learning approach, Active learning methods, Project-based Learning, Story-telling Pedagogy, Sport-integrated Learning etc. were discussed in detail by the trainers which made me confident in planning my lessons more effectively. With the inputs from the workshop, I am able to incorporate some of these pedagogies and make my classroom transaction much more engaging and fruitful."

Sonam Kumari, TGT (Mathematics), KV Asansol (Kolkata Region)

"I have attended the 5-Day Workshop on 'Pedagogy of Science and Assessment in Middle Stage' from 18 to 22 November 2024'. From this workshop, I gained knowledge of different pedagogical techniques and successfully implemented one of those pedagogies i.e., Art-Integrated Learning Pedagogy in Class 9 for the topic - Bohr's Atomic Model. This was done by integrating it with the folk dance of Jharkhand, a performing art form. Students were assigned the roles of Protons, Neutrons and Electrons with differently coloured costumes. They entered the atom following the electronic configuration of different elements with electrons revolving around the nucleus while performing the dance. This activity helped the students in developing a clear-cut and indelible understanding of the Scientific concept, at the same time it was an engaging and joyful activity"

Ms. Jyoti Prasad, TGT (Science), KV Maithon Dam (Ranchi Region)

"Attending a Workshop on 'HMs as Pedagogical Leaders' from 18 to 22 November, 2024 was a highly enriching experience. The most important take away for me from this training programme was the realization that Pedagogical leadership is about empowering every stakeholder, from teachers to students and even the Parents. I have learnt how to build a collaborative culture in my Vidyalaya, how to ensure student-centric learning, encourage continuous professional development of teachers and to create a safe learning environment. With these in mind, I aim to reimagine teaching-learning process, embrace innovation and build a culture of excellence and inclusivity."

Mrs. Preety Hazarika, HM, PMSHRI KV Fort William (Kolkata Region)

Two days online workshop on "Capacity Enhancement of Librarians in light of NEP 2020 and NCF SE 2023" organized by ZIET Bhubaneswar was an enriching experience. Expert resource persons, Sh. Biswa Bag, Sh. Rakesh Kumar Gupta, and Sh. Harish Kumar Verma (Guest Speaker), delivered insightful sessions on key topics. The workshop provided a comprehensive overview of NEP 2020 and NCF SE 2023, emphasizing the significance of school libraries. Discussions on integrating ICT in library; digitization automation and Web tool practices, promoting 21st-century skills through library activities, strengthening reading culture, inclusive education and reading support in library and the role of librarians in developing Foundational Literacy and Numeracy (FLN) skills were thought-provoking. The workshop empowered librarians with practical strategies and innovative ideas to enhance their professional capacities and support the evolving education landscape. Such types of workshop are expected from ZIET, Bhubaneswar in upcoming years as well.

Swetaram Chaudhury, Librarian, PM SHRI KV No.4 Bhubaneswar, (Bhubaneswar Region)
