# TRAINING AND DEVELOPMENT WEEK (03-10-2025 TO 13-10-2025) NEWSLETTER

## INAUGURAL CEREMONY

### *“PRINCIPALS ARE THE KEY To ASSESSMENT OF TRAINING”*

Honourable Joint Commissioner (Training) Sri Nagendra Goyal said in his keynote address to the elite audience at the inaugural ceremony of the Training and Development week, emphasising the role played by Principals.

The Deputy Commissioners of Bangalore, Chennai and Ernakulam and the Assistant Commissioner of Hyderabad region spoke about the training ventures and innovations going on in their respective regions. The training initiatives of ZIET Mysuru were presented by Ms. Menaxi Jain, Director, ZIET Mysuru

# THE PRACTICES THAT STAND OUT AND LAST LONG

The best practices chosen by the four feeder regions based on their practical application, sustainability and possibilities of skill development. They ranged from technology to conservation and from art and creativity to promoting foundational literacy and numeracy

## FOR THE VISUAL LEARNER

## EDUCATION WITHOUT DISCRIMINATION

The need for diversity does not weaken instruction; it strengthens education. The projects presented under *INCLUSIVE EDUCATION* envisaged a system tailored to the needs of individual learners

## HOLDING THE LEARNER'S HAND

## FROM DROSS TO GOLD...

## WITH THEM AT EVERY STEP

## THE JOY OF INCLUSION....

# Building Strong Beginnings: FLN

Education during the early years of a child's growth decides what she or he will be in future. The realization of this has led to the emphasis on FLN, and it is precisely this emphasis that has motivated the teachers to come up with innovative practises in strengthening primary education

## Samridhi

Samridhi-the abundance; the enrichment that teachers can bring into the world of students. It brightens the spark of students who are already brilliant and for those in dark yet- it helps them find their light

## JADUI PITARA-BRINGING THE MAGIC IN LEARNING ALIVE!

The all-in-one Resource Box designed for the teacher, paving the way towards joyful learning....

## TOO MUCH PIZZA!

We shouldn't have too much junk food! Let's have some healthy foods instead!

## WATCHING THE MAGIC BOX OPEN...

## WHEN SCIENCE MEETS ART.....

**PHYSICS, THE TOUGHEST SUBJECT IS SEEN THROUGH THE EYS OF AN ARTIST-THROUGH  
COMIC STRIPS AND WITTY CONVERSATIONS....GLIMPSES OF THE WORKSHOP AND EXHIBITION**
