

BEST PRACTICES TO BE ADOPTED BY EACH VIDYALAYA

For Good Academic Performance and Holistic Growth of Students

1. **Summer Camp:** 30%- 40% syllabus coverage in major subjects to ensure completion by September end.
2. **Peer Learning Groups:** High and low achievers should be paired for collaborative learning and improved academic performance.
3. **Remedial Classes (Breaks):** Subject-wise support during Autumn & Winter Breaks for doubt clearance and learning-gap bridging.
4. **Extended Remedial Support:** After-school sessions for personalized mentoring should be organized.
5. **Block Periods:** Double periods for intensive practice and one-to-one guidance should be arranged.
6. **Student Profiling:** Strength- and weakness-based academic record of each student.
7. **Regular PTMs:** 100% parent participation should be there in PTMs.

8. Diagnostic Reviews: Periodic staff meetings & specific Subject Committee Meeting should be conducted to address teaching-learning gaps.

9. Solving of Sample papers before Board Exams
At least 03 Sets in each subjects should be practised by each student

10. Holistic Development: Active participation in co-curricular activities.

11. AI Initiative and Vocational Education : To integrate Artificial Intelligence (AI) and vocational training in each Vidyalaya to equip students with 21st-century digital literacy and practical career readiness starting from preparatory ,middle and secondary stage.

12. Indian Knowledge System: Integrating Indian Knowledge System into each Vidyalaya helps students connect with India's traditional roots, culture, and values. It can be done by giving Sanskrit Education, use of traditional toys, implementation of Awakened Citizen programme, and doing Yoga daily in the morning assembly.
