

Foundation stone of Vocational Lab laid in PM Shri K.V. Manauri

Taking a new initiative towards fulfilling the goal of inclusive and skill based education in the school for the creation of an advanced and developed India under the aegis of P M SHRI Scheme and to propagate New Education Policy 2020, today on 6th November 2024, the foundation stone of a Vocational Lab for vocational and technical education for the students was laid in PM Shri Kendriya Vidyalaya AFS Manauri under the leadership of Principal Shri Manish Kumar Tripathi. In the Bhoomi Pujan ceremony organised for the construction of the Vocational Laboratory, the school Principal Shri Manish Kumar Tripathi accorded a grand welcome to the Chief Guest, AOC Angshuk Pal, 24 ED, AFS Manauri. The Scout and Guide troupe of the school, under the leadership of Mr. Ajit Singh, honoured the chief guest. Amidst chanting of Vedic mantras, the chief guest and the principal performed Bhoomi Pujan for the vocational laboratory with full rites and laid the foundation stone. The chief guest praised the school principal Mr. Manish Kumar Tripathi and congratulated him for the construction of the vocational laboratory and said that this laboratory would prove to be a milestone for all-round development of students. The Principal, while highlighting the objective of the vocational laboratory project, said that this laboratory would provide new opportunities to the students to learn through direct experience and observation along with traditional knowledge, which would connect them with new employment opportunities as well as inspire them to go on new paths of research. This laboratory will give concrete form to the standards of PM Shri Yojana under the National Education Policy 2020. While thanking the chief guest, he congratulated the entire school along with the coordinator Mr. G D Pandey for the successful conduct of the programme.
