

PM SHRI KV AFS RAJOKRI

Guidance & Counselling

The Publication Department of the school is responsible for bringing to light the feelings and experiences that arise in the tender minds of the students through various mediums. The school's Publication Department is continuously working in this direction and is striving to bring students' creations to the forefront through the school magazine and competitions organized within the co-curricular activities. The aim of the Publication Department is to recognize the talent within the students, awaken it, and bring it to the attention of everyone.
