Terms and Conditions

1. All quoted rates shall be inclusive of applicable GST and all costs required to complete the work. No additional payment shall be admissible for labour, fittings, consumables, transport, tools, removal or

disposal of dismantled GI pipes, old fixtures, tiles, rubble or other waste. All such remains shall be removed from the school campus and disposed of lawfully at the firm's cost.

2. All PVC pipes and fittings shall be new, ISI-marked, of suitable pressure/class and of approved make, and shall conform to applicable Indian Standards. The firm shall state make, model, specification and GST details in its quotation and provide product/invoice evidence when requested.
3. The existing setup shall be dismantled carefully and replaced as instructed by the school's authorised representative. The contractor shall protect existing structures and services, keep the work area clean, and restore any damage caused by its work at its own cost.
4. Sanitary fixtures, valves, grating and other items quoted on a per-piece basis shall include all necessary fixing accessories, connectors, traps/seals, labour, testing and commissioning. No separate claim for standard accessories shall be entertained.
5. The firm shall provide a minimum one-year written replacement warranty for all supplied materials other than PVC pipes and PVC fittings, counted from the date of completion/acceptance. Defective covered items shall be replaced at no extra cost. Any manufacturer warranty shall also be handed over to the school.
6. The firm shall obtain and maintain accident insurance for all workers deployed at the site, with minimum coverage of ₹2,00,000 per worker, and submit a valid policy/certificate before commencement. The firm shall be solely responsible for worker safety, statutory compliance and any compensation/liability arising from its labour.
7. The firm shall comply with school security and safety instructions. Work shall be carried out at timings approved by the Principal/authorised officer. No student or unauthorised person shall be allowed into the work area.
8. Workmanship, materials and completed installations are subject to inspection and acceptance by the school. Water lines shall be tested for leakage and proper functioning before handover. Defects attributable to workmanship shall be rectified without extra cost during the defect-liability period specified in the work order.
9. Measurements and quantities in the schedule are indicative only. Final payment shall be made on actual measured quantities satisfactorily completed, at the accepted quoted rates, subject to certification and applicable procurement rules.
10. The quotation shall mention the firm's name, address, contact number, PAN, GSTIN (if applicable), bank details and the validity period of the offer. Enclose relevant registration/licence and experience details, where applicable.
11. The school reserves the right to accept or reject any or all quotations, wholly or partly, without assigning a reason, subject to applicable Government/KVS procurement rules. Submission of a quotation does not guarantee award of work.
12. Completion period proposed by the bidder: _____ calendar days from issue of work order.
Quotation validity: 365 days.

13. Last date and time of receipt of quotations:

The quotations and/or documents should be in sealed cover with super scribed on the envelop as "Quotations for renovation and plumbing works in toilets " and should reach in this Vidyalaya on or before 24.10.2026 2.00 pm. The quotation shall be opened on the same day (24.10.2026) at 3.00 pm. The representatives who choose to be present at the time of opening of quotations are invited to the institute to attend the proceedings.

14. Bidder's Declaration

I/We have inspected / had the opportunity to inspect the site, understood the scope and terms, and agree to execute the work at the rates quoted above, inclusive of GST and all specified costs.
