HINDI

1. चित्रों की सहायता से एक छोटी-सी चित्र-पुस्तिका बनाइए और प्रत्येक चित्र के नीचे उसका हिंदी नाम लिखिए। .

MATHS

1. Do the following activities. 1) On a sheet of paper, have them draw a 10-frame (a simple table with 2 rows of 5 boxes). Dip the back of each leaf in paint (or use stamp pads) to press one leaf print inside each box. Below the frame, they write: "6 green prints + 4 brown prints = 10 prints in all!" You can use any two numbers to make 10.

2) Using glue, students stick the 10 stars/pearls(any other decorative item) in a line on a thick piece of cardboard to form the body of a caterpillar. They can paint/draw eyes and antennae on the first (the head). They label their creation: "10 stars/pearls = 1 Whole Caterpillar (1 Ten and 0 Ones)."

Pictures are attached for reference.
