

Infrastructure and facilities in Biology laboratory

1. Equipped with NEC Projector with computer.
2. KVS Supply Models of Human organs and other parts.
3. PM Shri supply learning materials.
4. Suitable for organising competitions, Seminar, Debates etc.

Facilities in Physics Lab

- 1- Racks and shelves for storing apparatuses
- 2- Provided with Wifi connection and Computer
- 3- Can hold upto 50 students at a time
- 4- Store room for storing extra items

Facilities in Chemistry Lab

1. Chemistry Lab is Well – equipped with reagents & instruments.
2. Other than regular practical classes, students are shown experiments & reactions from the text books prescribed for them.
3. Students are motivated to prepare charts and models.
