

Art Integrated Project:

Class: VIII

Project Title: Population of Maharashtra and Sikkim(Double Bar Graph Activity)

Objectives:

Construct a creative double bar graph comparing the total populations of Maharashtra and Sikkim.

Analysis:

1. Calculate the ratio of Sikkim's population to Maharashtra's population.
2. What percentage of Maharashtra's population is Sikkim's population?

Note:

do not just draw plain bars. Use the following creative ideas:
Assign a specific colour or pattern to Maharashtra (e.g., Warli art patterns).

Assign a different colour or pattern to Sikkim (e.g., Thangka).
