Principal's Message

We are committed to continuous improvement in creating a learning environment that enhances values, self-esteem, responsibility and accountability in partnership with parents. We are an inclusive, caring school where staff, parents and students from diverse backgrounds work together in the shaping of young lives.

The journey of education is one paved with collaboration and dedication, and it is my privilege to acknowledge the unwavering support we have received from our esteemed VMC, parents, and well-wishers.

Headmistress's Message

I am very happy with the progress the school has made by imbining in its students value based education synergized with modern teaching- learning methods to produce a generation of well informed and emotionally sound generation. I am positive that in times to come we will continue this journey with elevated enthusiasm and persistently provide a platform of holistic learning to the young generation of learners. My very competent team of teachers strive to focus on each child, monitor and mentor them, appreciate their achievement and encourage them to overcome their shortcomings. I urge all the teachers to create appropriate, meaningful, and participative learning situations, inculcating life skills in the impressionable children and appreciating their smallest efforts with all generosity and broadness of vision. We are indeed grateful to the parents for having complete confidence and entrusting their children to us to mould them into worthy citizens of the society.
