Drip Irrigation

Drip Irrigation was set in the herbal garden of the school by the students using earthen pots to promote traditional watering systems avoiding plastic pipes, and moving towards eco-friendly measures.

केन्द्रीय विद्यालय संगठन

Compost Facility

Our students have effectively constructed compost pits on the school premises to responsibly dispose of biodegradable waste and maintain cleanliness.

स्वच्छता पखवाड़ा

During 'Swachhta Pakhwada', the school conducted a cleanliness drive to encourage students to maintain a clean and healthy environment. This initiative aims to foster a sense of responsibility and active participation in keeping our surroundings clean and free from pollution.

Health Camp

Medical and Health Checkup

The school ensured the mental and physical wellness of all students by conducting a thorough medical and health check-up. All students participated in the medical camp and received examinations from expert doctors.

Self-Defence Training

Self-Defence training sessions for girls of classes 6 to 9 were conducted thrice a week to make them strong both physically and mentally, to handle adverse situations with presence of mind. Female Karate instructor trained the students.

Guidance and Career Counselling

Guidance and Career Counseling sessions were conducted for the students of classes 9 to 12 providing them awareness about self-care, stress management, and effective time management, helping them to evaluate their priorities and to set achievable goals.

Field and Exposure Visits

Various Exposure visits and Field visits were conducted. The students were taken to the Centre of Excellence for Fruits, Mulugu, Birla Planetarium, and Salarjung Museum. These trips helped them to learn in a non-formal way, gaining awareness about space, horticulture, and history.

Hands on Skills Training - Pottery & Toy Making

A hands-on Skill training workshop on terracotta and pottery was conducted for students of classes 6 to 8 enabling them to improve hand-eye coordination, aesthetically reducing stress and anxiety.

***Toy-making** workshop conducted for the students using clothes, paper, and other craft materials, helping them improve their focus and self-expression.*

21st CENTURY LEARNING AND INFORMATION SKILLS - ROBOTICS

Training on 21st Century Skills in Robotics was conducted for the students of classes 8 to 12; a hands-on workshop for students to create their own robots. Also procured a 3D printer to provide hands-on experience for our students.

Smart Classrooms

Smart classrooms for enhancing the learning environment. Our classrooms are equipped with interactive whiteboards, audio-visual systems, and internet connectivity to facilitate dynamic and engaging learning experiences.
