Academic Loss Compensation Programme

PM SHRI Kendriya Vidyalaya No. 2 Ishapore takes the following measures to compensate for the academic loss of students participating in various co-curricular, sports, cultural, and other school-level activities:

1. **Extra Classes:** Remedial and extra classes are arranged, wherever required, to help students cover the syllabus missed during their participation in various activities.
2. **Sharing of Study Materials:** Class notes, worksheets, assignments, and other learning resources are shared with students to facilitate independent learning and revision.
3. **Peer Learning Support:** Students are encouraged to take assistance from their classmates to complete missed classwork, understand difficult concepts, and clarify doubts.
4. **Additional Assignments:** Subject teachers provide suitable assignments and practice worksheets to ensure that students cover the topics taught during their absence.
5. **Doubt-Clearing Sessions:** Teachers provide individual guidance and doubt-clearing sessions to help students overcome learning gaps.
6. **Use of Digital Learning Resources:** Students are encouraged to use digital learning materials, presentations, and educational videos for better understanding of missed topics.
7. **Monitoring of Academic Progress:** Class teachers and subject teachers monitor the academic progress of students participating in various activities and identify learning gaps, wherever necessary.
8. **Coordination Among Teachers:** Teachers coordinate to plan academic support and ensure that students do not face difficulties in completing the prescribed syllabus.
9. **Revision and Practice Tests:** Revision exercises, short tests, and practice questions are conducted, as required, to reinforce learning and assess students' understanding.
10. **Balanced Academic and Co-curricular Participation:** Students are encouraged to participate in sports, cultural programmes, competitions, and other educational activities while maintaining their academic progress.

Objective: To ensure that participation in co-curricular and extracurricular activities does not adversely affect students' academic performance and that all students achieve the prescribed learning outcomes.
