

## **ABOUT PM SHRI SCHEME**

The PM SHRI (Pradhan Mantri Schools for Rising India) scheme is an initiative by the Government of India to upgrade and develop around 14,500 schools across the country. These schools are envisioned to become model schools, embodying the full spirit of the National Education Policy (NEP) 2020.

The scheme aims to provide high-quality education in an equitable, inclusive, and joyful learning environment.

### **Key Features of PM SHRI Schools**

#### **Holistic Learning:**

Focus on holistic, multi-disciplinary education that encompasses academic, co-curricular, and vocational activities.

Emphasis on the development of critical thinking, creativity, communication, and collaboration skills.

#### **Inclusive Education:**

Aim to be inclusive, ensuring that children from all sections of society have access to quality education.

Special provisions for children with disabilities and those from marginalized communities.

#### **Innovative Pedagogy:**

Adoption of innovative teaching methodologies and pedagogies.

Use of technology and digital tools to enhance learning outcomes.

#### **Infrastructure Development:**

Upgrading school infrastructure to provide safe, secure, and stimulating learning environments.

Equipped with modern facilities including smart classrooms, laboratories, libraries, and sports facilities.

#### **Teacher Training:**

Continuous professional development and training programs for teachers to keep them abreast of the latest educational trends and methodologies.

Focus on capacity building to improve teaching quality and student engagement.

#### **Community Involvement:**

Encouragement of community participation in school management and activities.

Strengthening the relationship between schools, parents, and the local community.

#### **Objectives of PM SHRI Schools:**

To transform existing schools into centers of excellence by implementing the best practices in education.

To act as model schools that can inspire and influence other schools in the region to improve their standards.

To foster an environment that encourages the overall development of students, preparing them for higher education and future employment.

## **PM SHRI KENDRIYA VIDYALAYA NO1 NAUSENABAUGH**

The initiatives undertaken under this scheme for KV NO1 NAUSENABAUGH encompass a broad range of improvements and activities aimed at enhancing the educational environment and overall student development. Here's a detailed summary of the initiatives:

**Enhancement of Lab Equipment:** Upgrading laboratory facilities to provide students with better hands-on science and technology learning experiences.

**Procurement of Computers:** Acquiring new computers to improve digital literacy and facilitate modern learning methods.

**Installation of N-Computing:** Implementing N-Computing technology to optimize computing resources and provide more students with access to digital learning tools.

**Procurement of Soil Testing Kits:** Introducing soil testing kits to support practical learning in agricultural and environmental studies.

**Toy Library Opened:** Establishing a toy library to promote play-based learning and support cognitive development in younger students.

**Repairing of CWSN Toilets:** Renovating toilets to ensure they are accessible and functional for Children With Special Needs (CWSN).

**Procurement of Teaching Resource Materials:** Supplying teachers with new and improved resources to enhance the quality of instruction.

**Printing of Student Readiness Modules:** Creating and distributing modules to help prepare students for various academic challenges.

**Procurement of Sports Items:** Acquiring sports equipment to encourage physical activity and sports participation among students.

**Special Talks on Awareness on Adolescence in Girls:** Organizing sessions to educate girls about adolescence and related changes and challenges.

**Procurement of Sanitary Napkin Vending Machines:** Installing machines to provide sanitary napkins, promoting menstrual hygiene among girl students.

**Procurement of Sanitary Napkin Incinerators:** Setting up incinerators for the safe disposal of sanitary napkins, ensuring hygiene and environmental care.

**Health Camp:** Organizing health camps to provide medical check-ups and promote health awareness among students.

**Career Guidance Counselling:** Offering career counseling sessions to help students make informed decisions about their future educational and career paths.

**Compost Pit Installation:** Setting up compost pits to teach students about waste management and sustainability.

**Enhancement of Greenery in the Vidyalaya:** Increasing the green cover in the school premises to create a healthier and more pleasant environment.

**Self-defense to Girl Students:** Providing self-defense training to empower girl students and ensure their safety.

**Sports Coach and Yoga Teacher:** Hiring coaches and yoga instructors to enhance physical education and promote mental well-being through sports and yoga.

**Planning for Construction of Vocational Lab:** Developing plans for a vocational lab to offer skill-based education and training.

**Hands-on Skill Training:** Conducting practical skill training sessions to equip students with valuable hands-on experience.

**Drip Irrigation Installed:** Implementing drip irrigation systems to teach water-efficient agricultural practices.

**Special Talks on Sustainable Development:** Conducting talks to raise awareness about sustainable development and environmental conservation.

These initiatives collectively aim to create a more conducive learning environment, foster holistic development, and prepare students for future challenges, both academic and personal.
