FROM PRINCIPAL'S DESK

Education is not just the amount of information that is put into a child's brain. Our education system is the one that cater the individual needs of our students. Take on any challenge and make it smoother the way you want."

FROM VICE PRINCIPAL'S DESK

A good career is important but a good character is paramount. We believe that 'individuals' are the atoms that hold tremendous power within to serve as agents of change and thus are confident that our students, enriched with a sense of high morality and social responsibility will be makers of a virtuous society.

HEADMASTER'S MESSAGE

Teamwork is the ability to work together toward a common vision. The ability to direct individual accomplishment toward organizational objectives. It is the fuel that allows common people to attain uncommon results
