

BAG LESS DAY REPORT

Theme: Skill-Based Learning through Experiential Activities

Classes: VI to VIII

Venue: PM SHRI KENDRIYA VIDYALAYA MAHASAMUNAD (C.G.)

Objective:

As a part of the Bag less Day initiative under the National Education Policy (NEP) 2020, PM SHRI Kendriya Vidyalaya, Mahasamund organized a series of hands-on, skill-oriented activities for students of Classes VI to VIII. The programme aimed to promote experiential learning, creativity, vocational awareness, teamwork, and practical life skills beyond traditional classroom teaching.

Activities Conducted-

1. Block Printing

Students learned the basics of block printing using carved wooden blocks and fabric colours. They created attractive designs on paper and cloth, gaining an understanding of traditional Indian art forms, colour combinations, and pattern making. The activity enhanced their creativity, patience, and fine motor skills.

2. Basic Electrical Work

Students were introduced to simple electrical concepts and safety measures. Under the guidance of teachers, they learned about electrical components such as wires, switches, bulbs, and battery connections. They assembled simple electric circuits and understood the importance of electrical safety and responsible handling of electrical appliances.

3. Boho Art

The Boho Art session encouraged students to explore geometric patterns, mandalas, and freehand decorative designs using vibrant colours and creative motifs. The activity improved artistic expression, concentration, and imagination while familiarizing students with contemporary art styles.

4. Paper Bag Making

Students prepared eco-friendly paper bags using waste newspapers and chart paper. They decorated the bags with creative designs and awareness messages promoting environmental conservation. The activity emphasized the importance of reducing plastic usage and encouraged sustainable practices.

5. Painting on OHP Sheets

Students created beautiful paintings on transparent OHP sheets using permanent markers and glass colours. They designed nature scenes, floral patterns, and decorative motifs, enhancing their artistic skills and understanding of colour application on different surfaces.

Learning Outcomes-

Developed creativity and artistic skills.

Acquired basic vocational and life skills.

Improved teamwork, communication, and collaboration.

Enhanced problem-solving and critical thinking abilities.

Promoted environmental awareness through sustainable practices.

Increased confidence through experiential and hands-on learning.

Conclusion-

The Bag less Day activities were highly engaging and educational. Students enthusiastically participated in all the sessions and displayed remarkable creativity, curiosity, and teamwork. The programme successfully fulfilled its objective of providing joyful, experiential, and skill-based learning experiences aligned with the vision of the National Education Policy (NEP) 2020. Such initiatives contribute significantly to the holistic development of learners by connecting classroom knowledge with practical life skills.
