

Mr. Minarul SK Selected for MEXT Scholarship

Minarul SK, a primary teacher at PM Shri Kendriya Vidyalaya, Birbhum, has been awarded the prestigious MEXT Scholarship for an 18-month International Research Programme and Teacher Training at Hokkaido University, Japan from October 2023 to March 2025. This scholarship is a testament to his dedication to professional development and international academic collaboration.

His research will focus on examining the relationship between mathematical skills and other academic subjects. This study aims to enhance the understanding of how proficiency in mathematics can impact performance in various fields of study, potentially leading to innovative teaching strategies and improved educational outcomes.

This opportunity will not only contribute to his personal growth but also bring valuable insights to his home institution and the broader educational community.
