## JAL PAKHWADA 2025 OBSERVED AT PM SHRI KV BIRBHUM

As part of the nationwide initiative by Ministry of Education and Kendriya Vidyalaya Sangathan, PM SHRI Kendriya Vidyalaya Birbhum commenced Jal Pakhwada 2025 on 16th April with a collective *Jal Shapath* (water conservation pledge) by students and staff. This marked the beginning of a fortnight-long campaign to raise awareness on water conservation. Various activities such as slogan writing, poster making, quizzes, and awareness drives are being organized to engage students and promote sustainable water practices. The initiative also aims to sensitize the community about the importance of saving water. The school remains committed to nurturing responsible citizens through active participation in environmental conservation efforts.
