Sub: - Safety & Security Certification of the School building.

Ref: - Your L/No. 1-50/1830/ पीएम श्री के० वि० कटिहार/2025-26/1007 Date 12/03/2026.

In connection with the above subject under reference, a comprehensive visual inspection of the school premises was conducted by the undersigned in presence of SSE/Works/East/KIR. It is certified that the overall structural condition of the building remains good and found satisfactory for the continued operation of the school. Specifically, some wall surfaces exhibit hairline cracks and certain window chajjas required repairing. Consequently, while the building is officially deemed fit for school activities, it is recommended that these minor architectural repairs be addressed to maintain the long-term safety and aesthetic standards of the institution.

Moreover condition of structural members of school building is found satisfactory for running of school.
