Information and Communication Technology/ Digital Initiatives

Digital Infrastructure and Technology Integration

This Vidyalaya is committed to leveraging digital technology to strengthen teaching, learning, administration, and school management. By integrating modern digital tools and platforms, the school ensures greater efficiency, transparency, and accessibility across its academic and administrative functions.

Smart Classrooms and ICT-Enabled Teaching

The school has established smart classrooms equipped with Interactive Touch Panels, projectors, and interactive boards to create an engaging and interactive learning environment. Teachers effectively integrate Information and Communication Technology (ICT) into their classroom practices by using multimedia

presentations, digital content, educational videos, online learning resources, and interactive applications. These tools support diverse learning styles, encourage active student participation, and enhance conceptual understanding.

Teachers also use computer systems and digital platforms to prepare lesson plans, develop teaching-learning materials, maintain academic records, assess student performance, and communicate academic progress, thereby improving the efficiency of classroom management and instructional planning.

Digital School Management

The school utilizes the “KVS Samagam Portal” as its integrated School Management System to maintain and manage student records, academic data, examination records, attendance, report cards, and other essential school information. The portal streamlines administrative

processes, enables efficient data management, and supports timely access to accurate records for teachers and school administrators.

Digital tools are also used in the planning and conduct of examinations, including the preparation of assessment records, result

processing, and academic documentation, ensuring accuracy and efficiency in examination-related activities.

Online Fee Collection

To provide a secure and convenient payment system for parents, the school has implemented an online fee collection facility in collaboration with the **Union Bank of India**. The digital payment system enables parents to pay school fees safely and conveniently through online modes, promoting transparency, reducing paperwork, and simplifying the fee collection process.

Digital Library Services

The school library has embraced digital initiatives to enhance access to learning resources. Its dedicated library blog regularly shares updates on new arrivals, recommended reading materials, library activities, and educational resources with students and staff.

The library is also subscribed to **e-Granthalaya 4.0**, an integrated library management system that facilitates efficient cataloguing, circulation, and management of library resources. The platform provides access to a wide range of e-books, journals, and other digital reference materials, supporting independent learning and research.

Digital Governance and Administrative Efficiency

The integration of digital technologies has significantly improved the efficiency of school administration by facilitating systematic record keeping, secure data management, streamlined communication, and effective monitoring of academic and administrative processes. Digital platforms enable timely access to information, reduce manual workload, and support informed decision-making at various levels of school management.

The school's continuous adoption of digital technologies reflects its commitment to creating a modern, efficient, and learner-centric educational environment. The integration of smart classrooms, ICT-enabled teaching, digital library services, the Samagam School Management Portal, online fee collection in collaboration with Union Bank of India, and technology-supported administrative processes ensures that students, teachers, parents, and administrators benefit from reliable, accessible, and efficient digital services. These initiatives contribute to improved academic outcomes, operational efficiency, and the overall quality of education provided by the school.
