**Step by step tutorial Videos link is as follows:-**

Tutorial Video: AAROHAN APP for Parents/Students

<https://youtu.be/zbdW13yDOjM>

## 1. Logging In

- **\*\*Username\*\***: Your username is your **\*\*15-digit UBI Fee Portal Unique ID\*\***. Your school administrator will provide this to you.
- **\*\*Password\*\***: Your default password is `12345`.
- It is highly recommended that you change your password after you log in for the first time. You can do this from the user menu on your dashboard.
- If you forget your password, you can use the "Forgot Password?" link on the login page. This will send a request to your school administrator to reset it for you.

## 2. Student Dashboard

Your dashboard is your personal hub for all exam-related activities.

### ### Student Details

This card shows your basic information, including your name, student ID, school, and class.

### ### Main Tabs

- **\*\*Exams\*\***: This is where you will find new exams assigned to you.
- **\*\*Results\*\***: This is where you can view your performance on exams you have already completed.

## 3. Taking an Exam

The exam experience is designed to be straightforward and secure.

### ### Starting an Exam

1. Go to the "Exams" tab on your dashboard.
2. You will see a list of available exams. Exams are marked as "Live" or "Upcoming".
3. You can only start an exam that is currently "Live".
4. When you are ready, click the "Start Exam" button.

### ### The Examination Interface

- **\*\*Timer\*\***: A countdown timer at the top of the screen shows you how much time you have left. The exam will be submitted automatically when the time runs out.
- **\*\*Question & Options\*\***: The current question is displayed prominently. Below it, you will see the multiple-choice options.

- **Shuffling**: To ensure fairness, both the **order of the questions** and the **order of the options** for each question are randomly shuffled for every student. Your exam will be different from your friends'.
- **Answering**: Simply click on the option you believe is correct.
- **Navigation**: Use the "Previous" and "Next" buttons to move between questions.
- **Question Palette**: On the right side of the screen, there is a numbered grid of all questions.
  - **Unanswered**: White
  - **Answered**: Green
  - **Marked for Review**: Yellow
- You can click any number in the palette to jump directly to that question.
- **Submitting**: Once you have answered all the questions, click the "Submit Exam" button. You will be asked to confirm before the exam is finalized.

## 4. Viewing Your Results

After you complete an exam, your results and feedback are available in the "Results" tab.

### ### Your Score

- You will see a list of all the exams you have attempted.
- Your score and the total marks for the exam are clearly displayed.

### ### Reviewing Your Answers

1. For any completed exam, click the "Review" button.
2. This will open a detailed view of the entire question paper.
3. You can see:
  - The correct answer for each question, highlighted in green.
  - The answer you selected. If it was incorrect, it will be highlighted in red.
  - A detailed explanation for the correct answer, if your teacher provided one.

Note: The review option is only available after the exam's "Published To" date has passed, meaning the exam is over for all students.

### ### AI-Powered Feedback

This is one of the most powerful features of AAROHAN.

1. In the "Results" tab, click the **"AI Feedback"** button for any exam you've completed.
2. A dialog will appear with personalized, constructive feedback written by an AI tutor.
3. The feedback will:
  - Congratulate you on your effort.
  - Identify 1-2 key topics where you might need more practice.
  - Provide simple explanations of concepts you may have missed.
  - Offer actionable suggestions for improvement.
4. You can click the **"Download PDF"** button from this dialog to save a copy of your personal AI feedback report.
