

33rd YOUTH PARLIAMENT COMPETITION

Youth parliament is a platform offered to the youngsters where they are given a mock parliament set-up and exposure to the parliament type Debate. It is a platform to discuss the national issue on a large scale in a proper forum and in front of the experienced moderators. In order to create a set of youngsters who have an idea of the parliament, the best way is to make them sit in that environment.

The main objective of Youth Parliament was discussion, to develop respect and tolerance for the views of others, to make students aware of various problems faced by our society and the country, to create in students the quality of leadership. Understand the common man's point of view and express it in an articulated manner.

So basically it's a scheme being run by the ministry to create awareness among the youth of our nation about the working /functioning of the parliament of India so that at least they can get an insight about the nature of work and ultimately they can later percolate the same among others.
