ENGLISH

Art Integrated

1. Indigenous Art/Toys of Your State

Create a drawing or model of a traditional toy or artwork from your state. Examples:

- Rajasthan: Clay figurines or puppets (Kathputli).

2. New Year Card Design & Message using Adobe photoshop

- Design: Draw or decorate a New Year card with symbols like fireworks or snowflakes.

- Message- Write a short New Year wish,

3. Revise All Chapters

- Review key concepts, vocabulary, and any important dates or facts from your lessons.

4. Winter Vocabulary

Write 10 words related to winter and their meanings. Examples:

1. \*Snowfall\* – Snow that falls from the sky.

शीतकालीन अवकाश गृह कार्य

1. कला आधारित परियोजना कार्य (Art integrated project work)-

पाठ का नाम- मैया मैं नहीं माखन खायो

परियोजना- कृष्णा का दही, माखन खाते हुए चित्र बनाइए। और पाठ में दिए पद को भी लिखिए।

विवरण- दूध से बनने वाले विभिन्न खाद्य पदार्थों का सचित्र वर्णन कर, उनमें पाए जाने वाले पोषक तत्वों (nutrients) की सूची बनाइए।

नोट- उक्त परियोजना कार्य A4 साइज के प्लेन पेपर पर किया जाना है।

2. मल्हार पाठ्य पुस्तक की 'मातृभूमि' कविता पढ़कर इसका सार लिखिए। (Use A4 size paper) और भारतभूमि की प्रकृति के बारे में अपने विचार प्रकट कीजिए।

3. एडोब फोटोशॉप

“बिहू और सत्रीय नृत्य” पाठ को पढ़कर असम की वेशभूषा, नृत्य, खानपान, भाषा आदि की जानकारियां इकट्ठी करके एक फोटो का कोलाज बनाना है।

(Adobe Photoshop)

Read the Chapter Bihu and Satriya nritya and make a collage on its dance, language, food and costumes.

Note- it is based on your Adobe class .

## Winter Break Homework – Class 6 Science (Art Integrated Activities)

### 1. Chapter-Based Projects

#### 1. Chapter 6: Changes Around Us

Activity:

Create a flipbook or collage to show different types of changes (reversible and irreversible) in everyday life.

Include drawings, cutouts, and colored charts explaining each example

Or

#### 2. Chapter 7: The Living Organisms and Their Surroundings

Activity:

Make a 3D model or drawing of any ecosystem (forest, desert, aquatic).

Label different organisms and their adaptations

Or

### 2. Experiments and Observations

#### 1. Growing Plants Experiment

Plant seeds in small pots and record observations daily.

Create a growth chart and decorate it with plant drawings.

1. Write a short story or poem about a water droplet's journey through the water cycle. Include drawings for each stage.

## PPT Topics for Science Projects (Art-Integrated)

1. Adaptations in Plants and Animals – Include colorful images and videos.

Or

2. The Water Cycle – Use animations or diagrams to explain stages.

PPT Guidelines:

1. Title Slide: Mention the topic, student name, and class.

2. Content Slides: Use headings, subheadings, images, and diagrams.

3. Creative Elements: Add colors, animations, and transitions for artistic appeal.

#### **SOCIAL SCIENCE**

#### **CLASS : VI**

**1. Describe the three economic activities (Primary, Secondary and Tertiary activity).**

**2. Collect the pictures of different types of economic activities and classify them into primary, secondary and tertiary activities and paste them.**

**3. Which economic activity do you like most. Write a short note about it.**

**4. Using an AI platform creates a video or PPT on different types of economic activities.**

#### **\*Submission Guidelines\***

1. Written assignments: Content should be clear ,use of diagrams and flow chart. Read chapters from NCERT book first and then do the work.

2. When school will re open Content from both the chapters will be asked, so no copying ,understand and then write.

3. Use A4 size design sheets for holiday homework.

**Have a great holiday and happy learning!**
