

## **PM SHRI KENDRIYA VIDYALAYA MEG & CENTRE**

### **NIPUN LAKSHAY**

PM SHRI Kendriya Vidyalaya MEG & Centre is actively implementing the NIPUN Lakshya (National Initiative for Proficiency in Reading with Understanding and Numeracy) in alignment with the goals of NEP 2020. The initiative focuses on ensuring Foundational Literacy and Numeracy (FLN) among students of the primary classes, especially from Balvatika to Class III.

Under this programme, structured and child-centric teaching–learning strategies are being followed to strengthen reading fluency, comprehension, basic arithmetic skills, and number sense. Teachers at PM SHRI K V MEG & Centre have adopted activity-based learning, experiential methods, storytelling, toy-based pedagogy, and art-integrated approaches to make learning joyful and meaningful.

Regular baseline assessments, periodic monitoring, and competency-based evaluations are conducted to track students' progress in language and numeracy skills. Remedial teaching and individual attention are provided to learners wherever required. Classroom practices are enriched through the use of TLMs, flash cards, reading corners, number games, and digital resources.

Capacity-building programmes and collaborative planning sessions for teachers are also conducted to ensure effective implementation of NIPUN Lakshya. Parents are sensitised about the objectives of the mission and encouraged to support learning at home through simple daily activities.

The school remains committed to achieving 100% NIPUN status, ensuring that every child attains the desired grade-level competencies within the stipulated time frame. Through consistent efforts, PM SHRI K V MEG & Centre is progressing steadily towards strengthening the foundation of learning and nurturing confident, competent young learners.
