FROM THE PRINCIPAL' DESK

It gives me immense pleasure to present the Primary Wing E-Newsletter, showcasing the enthusiasm, creativity and achievements of our young learners. The various activities have provided meaningful opportunities for children to learn, explore, collaborate and express themselves.

I appreciate the sincere efforts of our teachers and congratulate our students for their active participation and creativity.

Wishing our young learners continued success and joyful learning!

**Dr. Sanjay Kumar
PRINCIPAL

Pathankot**

ACTIVITIES UNDER PM SHRI SCHEME 2026-27

PRIMARY WING HIGHLIGHTS

The Primary Wing of PM SHRI Kendriya Vidyalaya No. 2, Army Area, Pathankot has been buzzing with joyful and meaningful learning experiences. Through a blend of experiential learning, creativity, physical well-being, language development and environmental awareness, our young learners have participated enthusiastically in a range of engaging activities.

ORIENTATION PROGRAMME OF CLASS 1

The Orientation Programme for Class I students was organised to warmly welcome our young learners into their new academic journey. The programme helped students become familiar with the school environment, teachers, routines and classroom practices. Through engaging and joyful activities, the children developed confidence and a sense of belonging, making their transition to formal schooling smooth and happy.

VIDYA PRAVESH

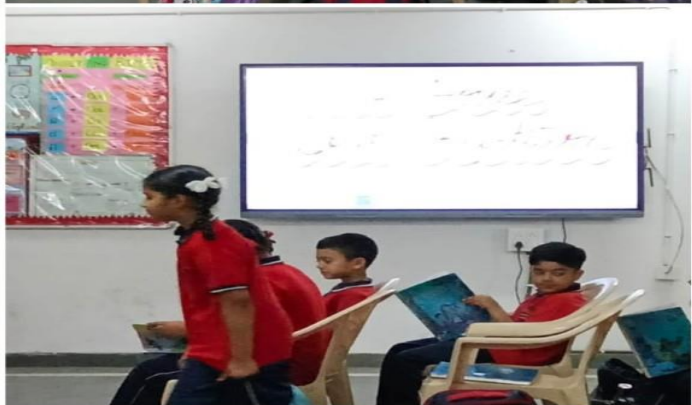

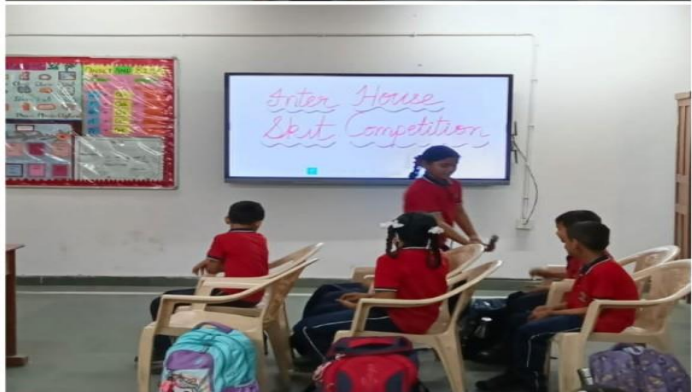

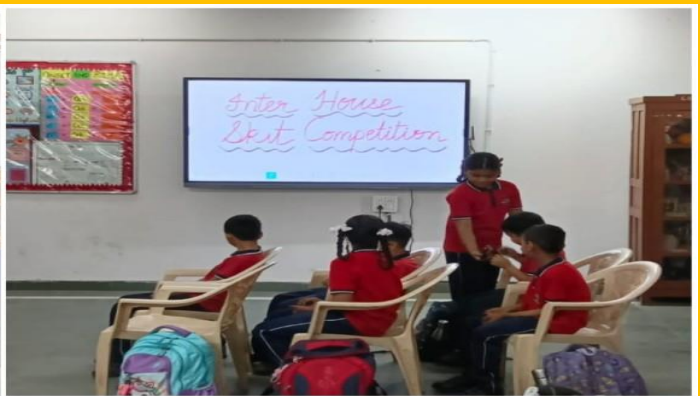

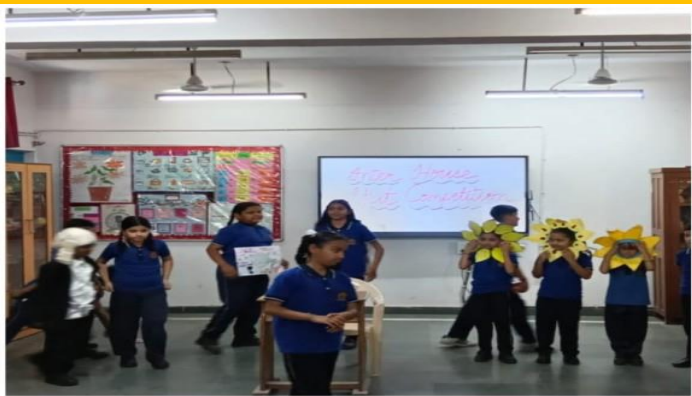

The Vidya Pravesh Orientation Programme welcomed our Class I learners into the school environment through joyful, child-friendly and hands-on experiences.

Children explored learning materials, participated in creative activities and became familiar with the classroom and school setting. The programme focused on making the transition to formal schooling smooth, comfortable and enjoyable.

EARTH DAY – CELEBRATING OUR PLANET

Earth Day activities encouraged our young learners to develop love and respect for nature. Students participated in creative, hands-on activities using colours, craft materials and reusable resources. The activities helped children understand the importance of caring for the Earth and adopting environment-friendly habits in everyday life.

INTERNATIONAL DAY OF YOGA

Yoga Day was observed with great enthusiasm to promote physical fitness, mindfulness, concentration and emotional well-being among students. Children practised simple yoga postures, breathing exercises and relaxation activities under guidance. The session encouraged students to understand that a healthy body and a calm mind support effective learning.

SPELL BEE COMPETITION

The Spell Bee Competition provided an exciting platform for students to strengthen vocabulary, spelling accuracy, pronunciation and confidence. Students participated enthusiastically and demonstrated their language skills in a healthy spirit of competition. The activity also encouraged attentive listening and regular reading habits.

MASK MAKING COMPETITION

A creative Mask Making Activity was organised for the students of the Primary Wing. The activity provided an opportunity for children to explore their imagination, creativity and artistic skills. Students enthusiastically designed and decorated colourful masks using different materials. The activity encouraged self-expression, creativity and learning through art.

POSTER MAKING

Poster-making activities gave students an opportunity to express their ideas through art and visual communication. With imagination and creativity, children explored themes related to nature, awareness and positive messages. The activity nurtured artistic expression, observation and communication skills.

BEST OUT OF WASTE

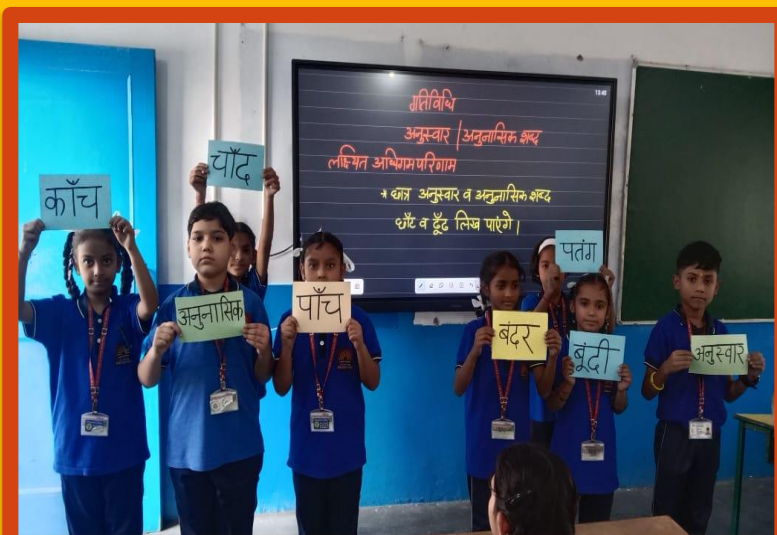

The Best Out of Waste activity promoted creativity along with the responsible use of resources. Students transformed waste and discarded materials into attractive and useful creative products. The activity reinforced the message of Reduce, Reuse and Recycle while developing problem-solving, fine-motor and collaborative skills.

CLASS ROOM ACTIVITIES

Our classrooms came alive with enthusiasm and creativity as students participated in a variety of engaging activities. Through hands-on learning, art and craft, quizzes, role plays, group activities and interactive games, children explored concepts in a joyful and meaningful way.

These activities encouraged creativity, teamwork, communication and critical thinking, while making learning enjoyable and experiential. The active participation of our young learners reflected their curiosity, confidence and love for learning.

The academic session has been filled with joyful learning, creativity and meaningful experiences for our young learners. From the Orientation Programme and Yoga Day to Earth Day, Spell Bee, Poster Making, Mask Making, Best out of Waste and engaging classroom activities, our students participated with enthusiasm and confidence.

These activities provided children with opportunities to explore, create, collaborate and express themselves, while developing important life skills beyond the classroom. Each event reflected our commitment to making learning experiential, joyful and holistic.

We look forward to many more enriching experiences that nurture curiosity, creativity and the spirit of learning in every child.
