From Principal Desk

The millennium is marching ahead with transformed socio-economic, cultural technological and above all educational set up.

The new trends in education indicate full utilization of human resources in a disciplined way, thus shaping a holistic human being, who continues to grow in knowledge, curiosity, courage, confidence and understanding. The need of the hour is that all of us teachers, parents, and students learn to re-assess, re-orient and re-energize to keep pace with the emergent times. I call upon the teachers, as stake holders of education, to illuminate the mind and soul of our students. Our teachers are professionally equipped to develop adapt and modify curriculum content, pedagogy and assessment which suit the needs and aspirations of our students. We work towards a holistic, experiential, integrated, student-entered educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners. We educate our children to change the world through peace, empathy, and fraternity and place great emphasis on inner values.

Our sincere gratitude to all the stakeholders of PM SHRI KV-31D Chandigarh i.e. the management, staff, parents, and students for keeping your trust and belief in the school. We will continue with the spirit of inculcating ethics and ethos in young minds with aplomb and dedication.

I congratulate HM, and Primary Section for bringing out CMP News letter for the session 2025-26.

The whole purpose of education is to turn mirrors into windows.
