

पीएम श्री केंद्रीय विद्यालय क्रमांक-2 दिल्ली छावनी  
शरद ऋतु अवकाश गृहकार्य 2026-27(SH-I).  
Class 1

कक्षा – 1 | विषय – हिंदी

खेलो, सीखो और मुस्कुराओ!

प्रिय बच्चों,

छुट्टियों में खेल-खेल में हिंदी सीखें और अपनी छुट्टियों को मज़ेदार बनाएँ। हर गतिविधि को A4 शीट पर सुंदर तरीके से पूरा करें।

1) प्रतिदिन हिंदी की पाठ्य पुस्तक से एक छोटी कहानी या कविता पढ़िए।

2) मेरी चित्र शब्द पुस्तिका

एक छोटी सी चित्र पुस्तिका बनाइए और उसमें चित्र बनाएं या चिपकाएं-

• पांच सब्जियों के नाम

• पांच पशु पक्षियों के नाम

नोट- एक पेज पर केवल एक चित्र बनाएं व उसका नाम हिंदी में भी लिखिए

3) मज़ेदार गतिविधि – आलू की छाप

एक कटे हुए आलू पर बड़े व्यक्ति की सहायता से कोई सरल आकृति बनवाएँ। उसे रंग में डुबोकर कागज़ पर छापें और उससे सड़क, गाड़ी या पेड़ का सुंदर चित्र बनाएँ।

English

♦ Write two rhyming words for the words given below:

1) fell-

2) nine-

3) tree-

4) cap-

♦ Read the Ch- The Cap-seller and the Monkeys twice at home.

♦ Draw the picture of your favourite animal and write 5 lines about it in good handwriting.

Subject: Mathematics

Dear Students,

Make your autumn break fun by exploring Mathematics through these creative activities.

**Q1. My Colourful Shape Garden**

1. Draw a beautiful garden using circles, triangles, squares and rectangles.

2. Count and write the number of each shape used.

**Q2. Addition and Subtraction Fun**

1. Solve 10 addition sums and 10 subtraction sums.

2. Use pictures of fruits, flowers or toys to show 2 addition and 2 subtraction sums.

**Q3. My Number Train**

1. Draw a colourful number train and write numbers from 1 to 100.

2. Write the numbers that come before, after and between any five numbers.

**Q4. Pattern**

Create beautiful pattern using colourful bindis, pulses, leaves or paper cutout

**General Instructions:**

□ Complete all activities on A4 sheets.

□ Use colourful drawings and neat handwriting.

□ Show all calculations clearly.

## ENGLISH

1) Choose a favorite toy, a special book, or a unique souvenir from your holidays and Prepare 4 simple sentences to describe it.

Example: "This is my teddy bear. His name is Bruno. He is soft and brown. I sleep with him every night."

\*Practice saying these lines clearly with a smile.

\* You will present this in front of your class for 1 minute when school reopens.

2) Answer the following questions thoughtfully and creatively. You can write your answers down in your homework notebook and decorate the page with drawings or stickers!

- How do you like to celebrate your birthday?
- If you could choose one gift for your birthday, what would it be?
- Why would you choose it?

❀ शरदकालीन अवकाश गृहकार्य ❀

कक्षा – 2 | विषय – हिंदी

पुस्तक – सारंगी

1. पाठ – तालाब: तालाब का चित्र बनाइए और उसमें रहने वाले पाँच जीवों के नाम लिखिए।
2. पाठ – तालाब: तालाब को साफ़ रखने के लिए कोई तीन उपाय लिखिए।
3. पाठ – बीज: किसी बीज का चित्र बनाइए और उसमें रंग भरिए।
4. पाठ – बीज: बीज से पौधा बनने की प्रक्रिया का चित्र बनाइए।
5. पाठ – बीज: पाँच प्रकार के बीजों के नाम लिखिए।
6. पाठ – किसान: किसान का चित्र बनाइए और पाँच वाक्य लिखिए।
7. पाठ – किसान: किसान द्वारा उगाई जाने वाली पाँच फसलों के नाम लिखिए।
8. कविता – किसान: कविता को याद कीजिए और परिवार के सामने सुनाइए।
9. रचनात्मक गतिविधि: एक गमले में बीज बोइए और उसके बढ़ने का अवलोकन कीजिए।
10. लेखन गतिविधि: पाठ 'तालाब', 'बीज' और 'किसान' से पाँच-पाँच नए शब्द लिखिए।

## MATHEMATICS

Dear Little Mathematician! ♦

Let's make maths colourful, fun and full of discoveries!

### INSTRUCTIONS

1. Complete every activity neatly in this booklet.
2. Use a pencil for sums and crayons for drawings.
3. Show your steps in the spaces provided.
4. Make the project on the LAST page at home and bring it to class after the break.
5. Ask an adult for help with cutting; do the counting and decorating yourself.

### 1. THE FESTIVAL FLOWER SHOP

Chapter 6 connection • Addition practice

The flower shop is busy getting ready for a festival. Count carefully and find the total!

1. 12 roses + 15 marigolds = \_\_\_\_\_ flowers

---

---

2. 23 red flowers + 14 yellow flowers = \_\_\_\_\_ flowers

---

---

3. 36 flowers in one basket + 21 in another = \_\_\_\_\_ flowers

---

---

4. 28 paper flowers + 17 real flowers = \_\_\_\_\_ flowers

---

---

Solve the sums  $24 + 13 =$  \_\_\_\_\_  $35 + 27 =$  \_\_\_\_\_  $46 + 18 =$  \_\_\_\_\_

$52 + 16 =$  \_\_\_\_\_  $29 + 34 =$  \_\_\_\_\_  $17 + 25 =$  \_\_\_\_\_

Choose one sum. Show how you solved it.

---

---

---

### 2. LIGHT UP THE NUMBER LINE

Add and subtract step by step

1.  $34 + 25 =$  \_\_\_\_\_

---

---

2.  $47 + 16 =$  \_\_\_\_\_

---

---

3.  $68 - 24 =$  \_\_\_\_\_

---

---

4.  $53 - 18 =$  \_\_\_\_\_

---

Complete the number journey  
★ 1. Start at 25. Jump forward 10, then forward 6. Where do you reach?

---

---

★ 2. Start at 72. Jump back 20, then back 5. Where do you reach?

---

Draw your own number line  
★ Show  $18 + 7$  using jumps. Draw arrows and colour them.

3. THE DECORATION CHALLENGE

Read • Think • Solve

★ 1. Meera made 26 paper flowers. Her friend made 19 more. How many flowers did they make altogether?

---

---

★ 2. There were 64 diyas. 28 diyas were used for decoration. How many diyas are left?

---

---

★ 3. A shop had 45 ribbons. It sold 17 in the morning and 12 in the evening. How many ribbons are left?

---

---

4. MY TAKE-HOME MATHS PROJECT: Make it at home & bring it to class!

PROJECT: FESTIVAL NUMBER GARLAND 🎐🎐🎐

Make a colourful paper garland using 6 paper shapes (flowers, diyas or circles). On each shape, write one number or sum. Join the shapes with yarn or ribbon.

You will need Colour paper • crayons • child-safe scissors • glue • yarn/ribbon • pencil

How to make it

- 1. Cut out 6 large shapes from coloured paper. Ask an adult to help with cutting if needed.
- 2. On shapes 1–3, write these sums:  $12 + 5$ ,  $23 + 4$ ,  $18 - 6$ .
- 3. On shapes 4–6, write the answers: 17, 27, 12. Decorate each shape with patterns.
- 4. Arrange each sum next to its answer and glue or tape the shapes onto a long ribbon.
- 5. Bring your garland to class and explain one sum to your teacher.

Plan your garland here!

Draw and colour a small picture of how you want your garland to look.

My garland will have \_\_\_\_\_ colours. My favourite sum is \_\_\_\_\_.

---

## **ENGLISH**

### **1. Word Detective**

Become a Word Detective! Find 15 interesting English words around you—from newspapers, storybooks, food packets, signboards, etc.

Make a table:

- Word
- Meaning
- Make a Sentence
- Draw/Paste

### **2. 🧸 Story in a Shoebox**

- Create a mini story scene inside a shoebox using waste materials.
- Give your story a title.
- Create 3–4 characters.
- Write 5–8 sentences about your story.
- Give each character a name.

### **3. 📰 Become a Young Reporter**

- Imagine you are a newspaper reporter.
- Write a short “Good News” report about something wonderful that happened in your neighbourhood, school or family.
- Add a headline and your own drawing.

### **4. 🎲 Grammar Game**

- Create your own Grammar Board Game using paper/cardboard.
- Include:
  - Nouns
  - Pronouns
  - Verbs
  - Adjectives
- Play the game with a family member and take a photograph of your activity.

## **TWAU**

- 1. Choose one food item, such as rice, wheat, tomato or potato. Show its journey using drawings:
  - e. g. Farm - Farmer- Transport - Shop - Home - Plate
- Write 2 or 3 sentences about your chosen food.
- 2. Draw and colour your own Healthy Food Plate.
- 3. Make one useful craft from waste material related to the theme such as 3D water drop or save water wall hanging.

## **Maths Holiday H.W**

1. Make fraction kit.
2. Learn tables from 2 to 15.
3. Do these questions in your school notebook.

### **A) Colour to show fraction**

- 1) Colour  $\frac{1}{2}$  of a circle
- 2) Colour  $\frac{1}{4}$  of a Square
- 3) Colour  $\frac{3}{4}$  of a Rectangle

### **B) Real life fraction**

- a) If you have 4 laddoo and you eat 1 laddoo. What fraction did you eat?
- b) A pizza has 8 slices? You ate 3 slice what fraction is left?

### **C) Write the expanded form**

256 -

789 -

865-

### **D) Make 4 digit smallest and greatest numbers with the given digits and write their number names.**

1) 8 , 3 , 0 , 9

2) 6 , 4 , 1 , 5

E) Complete the following on the A4 sheet.

3 hundreds,  
6 tens  
8 ones

68 more  
than 300

368

32 less than

Class 3 AI Holiday Homework Autumn Break 2026

Activity 1 : In AI CW Notebook make following table with three entries for any living being and describe any type of intelligence or natural ability in that living being and its advantages. First entry is given as an example for you.

| S. No. | Name of Animal/Bird/Insect/plant<br>(draw,label and color its body parts)                         | Intelligence Type (Natural Ability)                                                                                                                                                                                                                                                                                |
|--------|---------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1      | Dragon Fly<br> | Natural Ability: Its wings and flight muscles allow each wing to fly independent of each other.<br>Advantages: 1). It can fly forward, backward, hover(hang in one position) and to pivot( turn or rotate around a fixed point)<br>2) One of the fastest flying insects that can reach speed upto 65 Kms per hour. |
| 2      |                                                                                                   |                                                                                                                                                                                                                                                                                                                    |
| 3      |                                                                                                   |                                                                                                                                                                                                                                                                                                                    |

Activity 2: Solve following:

Cutout and color the given shapes from a thick small rectangular sheet as shown below. Then all pieces must be arranged to form a square without removing any shape. Which of the following actions are required to do so?

(Glue it in CW copy)

- a) All the green shapes must take one left turn
- b) All the green shapes must take one right turn
- c) All the orange shapes must take one right turn
- d) All the orange shapes must take one left turn

### कक्षा 3 - शरदकालीन अवकाश गृहकार्य\*

\*विषय: हिंदी - रचनात्मक कार्य | पाठ-11 'एक जादुई पिटारा'\*

1. पाठ-11 'एक जादुई पिटारा' के संदर्भ में ए4 पर एक बड़ा पिटारा बनाओ। उसमें अपनी पसंद की 5 चीज़ों के चित्र बनाओ।
2. एक गोला बनाओ। बीच में 'गोला' लिखो। चारों तरफ तुक वाले शब्द लिखो - बोला, खोला, टोला।
3. चंपक या नंदन जैसी कोई पत्रिका पढ़ो। 5 नए शब्द लिखो और उनके वाक्य बनाओ।
4. अपनी हिंदी की किताब से 'एक जादुई पिटारा' कविता को 2 बार ज़ोर-ज़ोर से पढ़ो और उसमें से 10 नाम वाले शब्द ढूंढ कर अपनी कॉपी में लिखो।
5. 4 लाइन की अपनी एक छोटी मज़ेदार कविता खुद बनाओ।

यह कार्य A4 शीट और हिंदी कॉपी में करें

### ENGLISH

- My Weekly Fitness Tracker: Create a colourful "Fitness Log" on an A4 sheet for 7 days.  
o Record at least one physical activity you did each day (e.g., cycling, skipping, playing hockey/badminton, dancing).
- Traditional Games Flashcard:  
Choose any traditional Indian outdoor game (Lagori, Hekko, Pitthu, Kabbadi, Gilli Danda, or Kho-Kho).  
Draw or paste a picture of the game on a postcard-sized chart paper.  
Write 3 key rules of the game in your own words.
- Poetry & Rhyming Words:  
Read the poem The Swing aloud.  
Write down 5 pairs of rhyming words from the poem (e.g., blue – do, wall – all).  
Write a short 4-line poem of your own about your favourite pastime or playing outdoors.

### TWAU

Do any 3 among the following Activities

1. Health and Happiness: Maintain a seven-day healthy habits diary.(click & paste picture of your healthy food plate daily )
2. Create a mini scrapbook using drawings or pictures of living things, non-living things, natural objects, and human-made objects.
3. Our Environment: Make a poster on “Keep Our Environment Clean and Green.”
4. Experiential Learning: Create one useful item from reusable waste materials.

### MATHEMATICS

Name: \_\_\_\_\_ Roll No.: \_\_\_\_\_ Section: \_\_\_\_\_

Chapter 8: Weigh It, Pour It | Theme: Measure, calculate and conserve!

#### Worksheet

**Instructions: Solve the following questions on an A4-size sheet. Show your working wherever needed. Write neatly and label your answers.**

#### Choose the Unit

Write g or kg: pencil \_\_\_\_\_; school bag \_\_\_\_\_; potato \_\_\_\_\_; dining table \_\_\_\_\_.

#### Weight Facts

Fill in: 1 kg = \_\_\_\_\_ g; 500 g + 500 g = \_\_\_\_\_ g;  $4 \times 250 \text{ g} =$  \_\_\_\_\_ g.

#### Market Maths

A shopper buys 500 g tomatoes, 750 g potatoes and 250 g peas.

a) Find the total weight. b) How much more is needed to make 2 kg?

#### Estimate and Check

Choose any 3 safe household items.

Estimate their weights and check using labels or a weighing scale with adult help.

Record the estimate and actual weight.

#### Capacity Hunt

Find 3 containers at home. Write their names and capacities.

Sort them as less than, equal to, or more than 1 litre.

#### Learn and Practise

Learn tables up to 13. Practise multiplication tables from 2 to 13.

Notebook Check Students must ensure that their notebooks are complete.

#### Creative Activity: Make a Division Wheel

Make a colourful division wheel for the number assigned to you according to your roll number. Bring your completed division wheel to class after the autumn break.

Reference video: Watch how to make a division wheel[https://youtu.be/tdqRqEf8-G4?si=\\_J7FL9mv6KmZ3Kk3](https://youtu.be/tdqRqEf8-G4?si=_J7FL9mv6KmZ3Kk3)

Roll Numbers: Make a division wheel for 1-10, 11-20, 21-30, 31-40, 41-50

**Remember: Make your work neat, colourful and your own. Enjoy measuring, calculating and conserving!**

**विषय - हिंदी | कक्षा - चौथी**

- 1. प्रतिदिन हिन्दी का एक पाठ पढ़ें।
- 2. किन्हीं दो व्यक्तियों के बारे में पता करके लिखिए जिन्होंने अपनी शारीरिक अक्षमताओं को पीछे छोड़ते हुए एक बड़ी उपलब्धि हासिल की।
- 3. 10 विलोम शब्द तथा 10 पर्यायवाची शब्द (प्रत्येक के दो-दो पर्याय) लिखें व याद करें।
- 4. स्टिक की सहायता से फोटो फ्रेम बनाइए और उसमें अपनी मनभावन फोटो लगाइए।
- 5. अपनी पसंदीदा मिठाई का चित्र बनाएँ और उस पर 5 रोचक वाक्य लिखें कि वह आपको क्यों पसंद है।

**Class IV AI Holiday Homework Autumn Break 2026**

Activity 1 : In AI CW Notebook make following table with five entries for any living being and describe any type of intelligence or natural ability in that living being and its advantages. First entry is given as an example for you.

| S. No. | Name of Animal/Bird/Insect/plant<br>(draw, color and label it)                                    | Intelligence Type (Natural Ability)                                                                                                                                                                                                                                                                                    |
|--------|---------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1.     | Dragon Fly<br> | <p>Ability: Its wings and flight muscles allow each wing to fly independent of each other.</p> <p>Advantages: 1). ## ENGLISH

- Read newspaper daily. Mark 3 difficult words and find their meaning from the dictionary. Learn the spelling of those words.
- Read “what a tank” and learn the word meanings and do the exercise in book.
- Visit a dussehra fair and write a paragraph about your experience.
- Communicate in English with your friends and family.

## TWAU

1.Map Work In political map of India mark:

a) western Ghats

- Northeast India
- Sundarbans
- Islands

2.Make a collage by pasting pictures depicting vibrant India.

3.Create a zero waste craft .

4.Read and comprehend chapter 6 & 7 of TWAU .

## MATHEMATICS

- Make your autumn break fun by exploring Mathematics in your daily life. Complete the following creative and practical activities neatly in your Maths notebook or on A4 sheets.
- 

### ### Q1. Maths in the Market

- Imagine that you are running a small shop.

1. Draw or paste pictures of any 8 items and write their prices.
2. If a customer buys 4 different items, what will be the total bill?
3. If the customer pays ₹500, how much change will you return?
4. What will be the cost of 2 items of your choice?

### ### Q2. Create a Mathematical Rangoli

1. Can you design a beautiful rangoli using circles, triangles, squares and rectangles?
2. How many shapes of each type have you used?
3. Which shapes have lines of symmetry? Draw them and mark the lines of symmetry.
4. Can you create a repeating pattern using geometrical shapes?

### ### Q3. Make Your Own Clock

1. Can you make a working clock using cardboard and movable hands?
2. At what time do you wake up, have lunch, play and go to sleep?
3. How much time do you spend sleeping each day?
4. If you play for 1 hour 30 minutes and study for 2 hours, what is the total time spent on both activities?

### ### Q4. Design Your Dream House

1. Can you draw a floor plan of your dream house showing at least four rooms?
2. What are the shapes of the rooms, doors and windows?
3. If a rectangular room is 5 m long and 4 m wide, what is its perimeter?
4. What will be the perimeter of a square garden with each side measuring 6 m?

### ### Q5. Conduct a Fruit Survey

1. Can you ask 10 family members or friends about their favourite fruits?
2. Can you record their responses in a tally table?
3. Can you represent the data using a colourful bar graph?
4. Which fruit is the most popular and which is the least popular?
5. How many more people prefer the most popular fruit than the least popular fruit?

### ### Q6. Maths in My Kitchen

1. Can you list five ingredients used to prepare your favourite dish and write their quantities?
2. Can you convert 2 kg into grams and 1 litre into millilitres?
3. If a recipe requires 250 g of flour, how much flour will be needed to prepare double the quantity?
4. Can you identify three examples of Mathematics used while cooking?

### ### Q7. Become a Maths Puzzle Master

1. Can you create three interesting number riddles for your classmates?
2. Can you prepare two multiplication or division puzzles?
3. Can you create a number pattern and ask your classmates to find the next three numbers?
4. Can you make a simple number puzzle and write its solution separately?

### ### Q8. Special Challenge: Maths Around Me

1. Can you identify five objects around you that show the use of Mathematics?
2. What geometrical shapes can you find in your home?
3. Can you find three examples of fractions used in everyday life?
4. Where do you use measurement, money and time in your daily routine?

### ### General Instructions

- - Complete any five activities along with Q8.
- - Use colourful drawings, pictures and neat labelling.
- - Show all calculations clearly.
- - Use waste or recycled materials wherever possible.
- - Be ready to present and explain your favourite activity in class.

## शरद ऋतु अवकाश गृहकार्य 🍁 – हिन्दी

### 1. आपको अपने रोलनंबर के अनुसार निम्नलिखित मॉडल बनाकर लाना है:

- रोल नंबर 1 से 15 तक: हंस का मॉडल 🦢
- रोल नंबर 16 से 29 तक: धनुष और तीर का मॉडल 🏹
- रोल नंबर 30 से 45 तक: तरकश का मॉडल

### 2. न्याय का तराजू

एक शीट पर न्याय के प्रतीक तराजू का चित्र बनाइए। उसके चारों ओर ये शब्द लिखिए:

सच्चाई – समानता – ईमानदारी – निष्पक्षता – अधिकार

चित्र के नीचे लिखिए: “न्याय सभी का अधिकार है।”

### 3. भारत का राजनीतिक मानचित्र बनाइए या उसका प्रिंटआउट लेकर निम्नलिखित स्थानों को चिह्नित कीजिए:

- असम राज्य
- काजीरंगा राष्ट्रीय उद्यान
- नई दिल्ली
- अपने राज्य की राजधानी

(यह कार्य आप ए 4 शीट में साफ़ एवम् सुन्दर लिखावट में करें।)

### 4. काजीरंगा राष्ट्रीय उद्यान की यात्रा

- काजीरंगा राष्ट्रीय उद्यान के बारे में पाँच वाक्य लिखिए।
- काजीरंगा राष्ट्रीय उद्यान में पाए जाने वाले किसी पाँच जीव-जंतुओं के नाम लिखिए।
- राष्ट्रीय उद्यानों का हमारे जीवन में क्या महत्त्व है?
- वन्यजीवों की रक्षा के लिए हम क्या-क्या कर सकते हैं? पाँच उपाय लिखिए।
- आप काजीरंगा राष्ट्रीय उद्यान जैसी किसी जगह पर घूमने जाइए या कभी गए हो तो अपने अनुभव को 8–10 वाक्यों में लिखिए।

Class V AI Holiday Homework Autumn Break 2026

Activity 1 : In AI CW Notebook make following table with five entries for any living being and describe any type of intelligence or natural ability in that living being and its advantages. First entry is given as an example for you.

| S. No. | Name of Animal/Bird/Insect/plant<br>(draw, color and label it.)                                  | Intelligence Type 1 (Natural<br>Ability 1st one)                                                                                                                                                                                                                                                           | Intelligence Type 2 (Natural<br>Ability 2nd one)                                                                                                                                                                                                                                                                                                |
|--------|--------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1      | Dragon Fly<br> | Ability: Its wings and flight muscles allow each wing to fly independent of each other.<br>Advantages: 1). It can fly forward, backward, hover(hang in one position) and to pivot( turn or rotate around a fixed point)<br>2) One of the fastest flying insects that can reach speed upto 65 Kms per hour. | Ability: Near 360° Vision: Their large compound eyes contain up to 30,000 individual lenses (ommatidia)<br>Advantages: 1). providing an almost all-around field of view to spot any movement instantly.<br>2) Dragonflies are the most effective aerial predators, with a 95% hunting success rate, due to their unique eyes, wings, and brain. |

Activity 2: Solve following:

Q1). What fraction of the total area of all the circles is shaded grey?

- a)  $\frac{10}{24}$     b)  $\frac{5}{6}$     c)  $\frac{5}{24}$     d)  $\frac{14}{24}$

Q2). Take your palm-size colored rectangular sheet of paper and fold it in half and after folding, some part is cut as shown in the image below. Now the sheet is unfolded. Choose the option which represents the piece after unfolding. (Glue the resulting sheet as answer in CW copy)

- a).     b).     c).     d).
