

# Youth Parliament: Empowering the Next Generation of Leaders

(30.08.2024)

Youth Parliament is an exciting initiative that allows students to experience the working of India's legislative system firsthand. As the nation celebrates its 78th Independence Day, the government has introduced various programs to engage and empower the youth, recognizing their crucial role in shaping the country's future.

In this special session of Youth Parliament held on 30/08/2024, students from **PM Shri Kendriya Vidyalaya Pitampura (Second Shift)** played the roles of parliamentarians, bureaucrats, and presiding officers. They enacted a realistic simulation of the proceedings in the Indian Parliament, which provided them a valuable opportunity to understand the legislative process and its impact on the nation's progress.

By stepping into the shoes of great leaders who have shaped India's history, the students gained insights into the challenges and responsibilities of governance. This experience not only enhanced their knowledge but also fostered a sense of civic responsibility and leadership among the participants.

As the nation embarks on its journey towards becoming a developed country by 2047, the active participation of the youth is crucial. Programs like Youth Parliament serve as a platform to nurture the leaders of tomorrow, equipping them with the skills and knowledge necessary to tackle the challenges of the future.

We witnessed the performance of these young leaders and appreciate their efforts in understanding and engaging with the legislative process. Through their participation, we can be assured that the future of our nation is in capable hands, ready to take on the mantle of progress and development.
