MESSAGE FROM THE PRINCIPAL

It gives me immense pleasure to present the Second Quarter Newsletter of PM SHRI KV KVTG. This quarter has been filled with joyful learning, creativity, exploration, and meaningful experiences for our young learners. Our teachers have continued to use activity-based, play-way, story-based, and experiential approaches to nurture holistic development. Special emphasis has been given to foundational literacy, numeracy, STEM activities, and 21st-century skills. Various co-curricular activities, festival celebrations, educational excursions, and assessment practices have enriched the learning journey of our students. We remain committed to providing a safe, joyful, inclusive, and stimulating environment where every child learns, grows, and flourishes.

I wish the entire school community continued success and look forward to seeing our young learners grow into confident, compassionate, creative, and responsible individuals.

**Dr. Sanjay Kumar
Principal
PM SHRI KV KVTG**

MESSAGE FROM HEAD MISTRESS DESK

“The foundation of every great journey is built with small steps, joyful experiences and curious minds.”

It gives me immense pleasure to present this newsletter, capturing the vibrant learning journey of our young learners in the Foundational and Preparatory Stages. It brings together glimpses of classroom learning, experiential and activity-based learning, creative expressions, celebrations, special events, competency-based activities, foundational literacy and numeracy initiatives, and the participation and achievements of our students.

Every activity and achievement reflects the curiosity, confidence and growing capabilities of our children.

My sincere gratitude to our Principal, Dr. Sanjay Kumar Sir, for his constant guidance, encouragement and support.

I deeply appreciate the dedication of our teachers and the enthusiastic participation of our students. I also thank our parents for being valued partners in this journey.

Let us continue to nurture curious minds, confident hearts and joyful lifelong learners.
