

SOP/NDMA

As Delhi is in high seismic zone (Zone IV). Therefore regular mock drills for earthquake readiness are being conducted in Vidyalaya. For this students are trained how to react in such situation.

Regular evacuation drills were also conducted in Vidyalaya for emergency situation.

Students and teachers were taught about fire safety.

Live demonstrations were conducted how to use fire extinguishers in fire situation.

Fire fighting system and number of fire extinguishers were installed at different places of Vidyalaya building.
