Sub- Regarding site visit of KV for inspection of Vidyalaya building & ensuring structural stability of the building.

Dear Sir,

During the site visit at KV 5 in Kalinga Nagar Bhubaneswar it was seen that the building is a G +2 structure and a joint visit was conducted along with KV 5 officials where no structural defects were seen .During final completion & handing over of the premises to the school department all parameters regarding the building safety requirements were taken care of and duly checked by the officers delegated as per the national building code rules and till date every year the parameters are being scrutinised.

Moreover, vide letter no150224/KVS(BBS)/2024-25/454; DT. 06.03.2025, principal KV 5 has mentioned that they have not been experiencing any kind of structural defects like seepage of water logging in the building since handing over of the project work since 2016.

Hence upon request of principal KV 5 and in view of the above matter this certificate is being issued for further procedure at their end.

Sub - Regarding site visit of KV for inspection of Vidyalaya building.

Ref: KV5 LETTER NO-25336/KV(No-5BBSR)/2024-25/302; Date- 28/11/2024

Dear Sir,

With reference to the above a site visit was conducted after the request of Principal KV 5 to inspect the building which is already completed and presently the school is running since 2016.

During the visit it was noticed that the building was in good condition and due to examination regular classes were not commencing. There was no visible seepage in the walls & slabs of the building. The walls of the buildings seemed like they were painted very recently. The inside wall paintings also seemed clean and in good condition.

In view of the above it is hereby requested on your part to kindly inform whether any defects are being experienced in the building structure.
