

ICT eClassrooms and Labs

Information and Communication Technology, or ICT classroom, integrates digital technologies to enhance learning and teaching processes. Its rise has transformed education significantly by providing access to vast resources, interactive learning platforms, and personalized learning experiences. This school offers interactive boards and ICT enabled classrooms which provides access to vast resources and learning opportunities for students.

Other than 10 interactive classrooms, the school also has a well established air conditioned Computer lab equipped with 26 computer systems where students learn computer skills.
