All Summer exams will live from 30 April 2026 8 am to 10 June 2026 11 pm for following subjects:-

HINDI:- III to VIII

ENGLISH:- III to XIII

Maths:- III to VIII

Class 7- MDP 2026-27

TOPIC-Biodiversity

1. **English-** Write an Article on the cruelty faced by innocent animals due to hunting, poaching and illegal trafficking of their body parts. (within 100 words)
2. **Hindi:** प्राचीन काल से ही हमारी भारतीय परंपरा में जानवरों का सम्मान किया जाता रहा है और उन्हें देवी-देवताओं का दर्जा दिया गया है। इस बारे में विस्तार से एक छोटा अनुच्छेद लिखें। (within 120 words)
3. **Sanskrit:** अस्माकं परितः जैवविविधता पारिस्थितिकीतन्त्रे महत्त्वपूर्णा भूमिकां निर्वहति । अस्माकं जीवने तेषां महत्त्वं सह न्यूनातिन्यूनं १० वनस्पतयः पशवः च उल्लेखयन्तु।
4. **Maths:**

The National Animal of India walks 6 steps forward while roaming in the Sundarbans National Park and walks 2 steps backward each time. How many times will the National Animal of India need to walk to reach the 100th step without stepping backward? Also, is that number divisible by 5? Who is the National Animal of India, and in which state of India is the Sundarbans National Park located?

5. **Science:**

Mention a minimum of 5 instances on how human interference have resulted in destruction of biodiversity around us? If possible, paste newspaper cutouts to support your opinion.

6. **Social Science:**

On a political map of India, State wise locate the various National Parks, Wildlife Sanctuaries and Biosphere Reserves present in India.

NOTE: Regarding Summer Connect Programme

As per schedule and notification about Summer connect programme during Summer vacation

All Summer exams will live from 30 April 2026 8 am to 10 June 2026 11 pm for following subjects:-

HINDI:- III to VIII

ENGLISH:- III to XIII

Maths:- III to VIII

Class 8- MDP 2026-27

TOPIC- Energy Resources

1. **English:** Write a short story, highlighting the future energy crisis due to depletion of fossil fuels on earth. (within 150 words)

You may start like this

"Triggered by record breaking prices of Petrol....."

2. **Hindi:**

सूर्य पृथ्वी के लिए प्रकाश और ऊष्मा का अंतिम स्रोत है। नीचे दो स्थितियों का उल्लेख किया गया है:

1. पृथ्वी पर सभी ने इस क्षण से सौर ऊर्जा का उपयोग करना शुरू कर दिया है।
2. सूर्य ने इस क्षण से पृथ्वी पर सूर्य का प्रकाश देना बंद कर दिया है।

इन घटनाओं का मानव जीवन और पृथ्वी पर रहने वाले जीवों पर क्या परिणाम होगा। दोनों स्थितियों को लगभग 80 शब्दों में समझाएँ।

3. **Sanskrit:** अस्माकं जीवने ऊर्जासंसाधनानाम् महत्त्वं प्रकाशयन् प्रायः 80 शब्दैः निम्नलिखितश्लोकं व्याख्यातव्यम्।

"ऊर्जापूर्णं जगत् सर्वं प्राणिनं संजीवनं च। तस्मिन्नेव सदा योगी दृढचित्तो नियोजयेत्॥"

4. **Maths:**

A poll of 50 families from one colony was conducted to know about what type of energy resource they use at home for cooking food in the kitchen. The information gathered is summarised below. Make a bar graph to represent the information.

Type of Energy Resource- No.of families

1. Firewood- 5

2. Kerosene- 8

3. Coal- 11

4. LPG- 17

3. Solar cooker- 9

Which of the above sources of energy is/are greener fuels for usage & why?

5. Science:

Make a list of seven renewable sources of energy. Mention their advantages and disadvantages. Paste pictures of them.

6. Social Science:

Who has said, "There is enough for everybody's need but not enough for anybody's greed."

Write about any 2 initiatives taken by Indian Government for Conservation of Energy Resources. Paste their pictures.
