Jan 2026
Announcement and felicitation of top 1,000+ winners

Submission of Projects

- **Submissions can be made in any of the two tracks:**

- **Tracks of Submission**

  - **Idea Submission – Students will submit short videos of their ideas on any of the 4 themes.**

  - **Prototype Submission – Students will submit videos of prototypes developed on any of the 4 themes.**

Evaluation Process

(2 categories- Ideas and Prototypes)

- **Submissions will be evaluated by a panel of experts**

- **States to constitute District and State level Expert Panel for evaluation of submitted entries.**

- **Experts Panel - Teachers, Professors from HEIs, Industry Professionals, Startups, Incubation Centres and Mentors.**

Evaluation Matrix

Each submission will be evaluated on the following:

- **Novelty & Originality of the idea**

- **Scalability & potential for wider adoption**

- **Sustainability & long-term social impact**

- **Feasibility of implementation in real-world contexts**

- **Alignment with the 4 national themes**

Role of States

- **Nominate State Nodal Officer** – Designate State Project Director as primary liaison with MoE & AIM. Also nominate District and Block nodal officers to facilitate implementation.

- **Evaluation**- Constitute District and State level expert panel for evaluation of submitted entries.

- **Mobilize Schools** – Ensure participation of all schools (Govt., aided & private; ATL & non-ATL).

- **Awareness & Outreach** – Amplify publicity via state education portals, local media, regional influencers & social media platforms. Execute District level outreach plan for encouraging participation.

- **On-ground Presence** – Senior state officials' visit at schools to boost enthusiasm among students & teachers.

- **Industry-Academia Engagement**– Direct HEIs and Industry Experts to send volunteers in nearby schools to facilitate and guide participation.

Role of Districts

- **Mobilize Schools** – Send notifications to all the schools (Govt., aided & private; ATL & non-ATL) to ensure maximum registration and submission.

- **District/Block Engagement** – DMs/DCs, DEOs, BEOs to monitor participation across schools within the District.

- **Awareness & Outreach** – Amplify publicity via state education portals, local media, regional influencers & social media platforms. Execute District level outreach plan for encouraging participation like organizing a mass offline registration day on 06.10.2025.

- **Community Participation** – Encourage Cluster & Block Resource Centre (CRC/BRC) officials to organize school-level celebrations for increased student participation and wider impact.

- **Industry-Academia Engagement**– Direct HEIs and Industry Experts to send volunteers in nearby schools to facilitate and guide participation.

Role of Principals & HM

- **Encourage Participation:** Actively promote the Buildathon among students in classes 6-12.
- **Facilitate Registration:** Ensure all teams are registered on the official portal by the deadline.
- **Provide Infrastructure:** Offer a conducive environment (lab, classroom) for teams to prepare and build projects.
- **Manage Submissions:** Guide students in uploading their final entries (ideas/prototypes).
- **Promotion and Outreach**: Organize series of activities to ensure student enthusiasm before the final day. This may be done by introducing 4 clubs in school as per the buildathon theme (Atmanirbhar Bharat, Swadeshi, Vocal for Local and Samriddhi), hosting competitions (jingles, quiz), displaying buildathon posters, using event branded merchandize like printed T-shirts, and inviting industry experts to conduct workshop for the students.
- **Display the Poster** with QR code in prominent places in schools.
- **Dissemination of Jingle and LOGO** to be done widely amongst parents, teachers and schools. Jingle to be played in the school.

Role of Teachers

- **Mentor Student Teams:** Provide guidance on ideation, problem-solving, and prototype development.

- **Assist with Registration & Submission :** Help students with the portal registration and submission (idea/prototype) process.

- **Explain Themes:** Ensure students understand and align their projects with the four core themes: Vocal for Local, Atmanirbhar Bharat, Swadeshi, and Samriddh Bharat.

- **Promote Teamwork:** Foster a collaborative environment for effective team dynamics.

Role of Students

- **Form Teams:** Join a team of 5-7 members from classes 6-12.

- **Innovate:** Brainstorm creative ideas and develop solutions for real-world problems.

- **Build Prototypes:** Work together to create a physical or digital prototype of your idea.

- **Create and Submit a Video:** Make a short video (under 2 minutes) showcasing your project (idea or prototype) and submit it on the portal.
