## MDP CLASS-5 TERM-2 (2024-2025)

### THEME- Means of communication

#### English

1. How do advertisements help in communicating messages to the public? Explain with two advertisements.
2. a) How do nonverbal cues (like facial expressions or body language in form of dance) help convey messages in communication.  
b) Give an example of a traditional dance used in Olden days for communicating messages in public. Draw or paste pictures for the same and explain it in a paragraph of about 20 lines. (Art integrated)

#### HINDI

1. वर्तमान समय (modern time) के संचार के साधनों की क्या उपयोगिता है? लिखिए।
2. समाचार पत्र से क्या - क्या लाभ हैं? किन्ही चार हिंदी समाचार पत्रों के नाम लिखिए।

#### MATHS

1. Look around your house and identify different geometric shapes used in communication devices (like your phone, TV remote, or laptop). calculate areas and perimeters of the front face of these devices (any three devices)
2. Survey your classmates to find out their favorite methods of communication (like talking, texting, emailing, or video chatting). Create a bar graph to show how many students prefer each method. Which is the most popular, and by how much?

#### EVS

1. Make a list of various means of communication that are used in following places- at home, in office, in schools, in hospital.
2. Design and draw your own unique device or method used for communication. How would it work and why would it be useful?

#### Note:

- All subject MDPs to be compiled together in one file in the order English, Hindi, Math and EVS.
- Project to be done in A4 size sheets (coloured/White)
- Avoid using plastic files. Instead use chart paper to bind the project.
- Creativity is appreciable with colourful and relevant pictures/drawings.
- The shared front page should be attached.
- All sheets should be bordered.

- Marks will be allotted on the basis of Neatness, Creativity, Relevant content and Presentation.
