## PARENT SAFETY ADVISORY

(For Classes I to XII)

Dear Parents/Guardians,

This is to issue a general safety advisory in the interest of the well-being of all students. It has been observed in Bengaluru city that, on isolated occasions, unknown individuals have attempted to approach school-going children in public spaces and near school vehicles, offering chocolates or other items.

Although such instances are rare, the safety and security of our students remain our highest priority. In this context, parents/guardians are requested to kindly reinforce the following safety guidelines with their wards:

### Advisory to Students

1. Do not engage in conversation with unknown persons.
2. Do not accept eatables, gifts, or any items from strangers.
3. Avoid sharing personal details such as residential address, contact numbers, school information, or travel routes.
4. Immediately report any suspicious interaction to parents, teachers or school authorities.

### Advisory to Parents/Guardians

1. Ensure appropriate supervision during drop-off and pick-up timings.
2. Educate children about basic personal safety and situational awareness.
3. Encourage children to remain within designated waiting areas during dispersal.
4. Promptly report any suspicious activity observed in and around the school premises to the school office or local authorities.

The Vidyalaya has strengthened monitoring during arrival and dispersal hours and security personnel have been advised to remain vigilant within and around the campus.

Your continued cooperation and support are essential in maintaining a safe and secure environment for our students.

With regards,

Glory Gnanaselvi 19/2/26
