

PM SHRI KENDRIYA VIDYALAYA DWARKA SECTOR 5

ART & CRAFT ACTIVITIES

The school conducted a range of Art and Craft activities that provided students with opportunities to create, decorate, present and work with simple materials. The activities included individual and group-based creative work and were connected with environmental, cultural and national themes.

Activities Covered

Best Out of Waste: Students used reusable and waste materials to create useful or decorative items. The activity encouraged creative thinking, resourcefulness and awareness of responsible use of materials.

Earth Day Celebration: Students prepared art work connected with nature and the environment. The activity gave them an opportunity to express environmental ideas through drawing, colouring and creative presentation.

Indigenous Toy Making: Students made simple toys using available materials and explored the idea of traditional and locally inspired play materials. The activity encouraged hands-on learning, creativity and making skills.

Tricolour Headgear Making: Students prepared decorative headgear using the national tricolour theme and displayed their finished work. The activity combined craft skills with a national theme and encouraged careful use of colour and design.

Mor Mukut Making: Students created decorative Mor Mukut using craft materials and presented their finished work. The activity provided practice in cutting, arranging, decorating and presenting a traditional/cultural craft form.

Matki Decoration: Students decorated matki designs using colours and decorative elements. The activity encouraged attention to design, colour combination and neat presentation.

Slogan Writing: Students wrote and presented short slogans related to environmental and social themes. The activity helped students communicate simple messages through concise written and visual expression.

Exhibition: Students displayed their creative models and craft work and explained their work during the exhibition. The activity provided an opportunity for students to present their ideas and interact around their creative work.
