

PM SHRI KENDRIYA VIDYALAYA SECTOR 5 DWARKA, DELHI

(I SHIFT)

REPORT ON EDUCATIONAL EXCURSION

An Educational Excursion was organised by PM Shri Kendriya Vidyalaya Sector 5 Dwarka, Delhi (I Shift) for the students of all Classes. The excursion was planned with the objective of providing students with meaningful experiential learning opportunities and enabling them to relate classroom concepts with real-life experiences.

Students visited **Bal Bhawan**, where they participated in age-appropriate recreational and educational activities. The visit provided them with opportunities for observation, exploration, creativity and joyful learning in an informal environment.

Students visited **Deer Park**, where they observed various aspects of nature and the surrounding environment. The visit helped in developing awareness about plants, animals, biodiversity and the importance of environmental conservation.

Students visited **Humayun's Tomb** and **Waste to Wonder Park**. The visit to Humayun's Tomb provided students with an opportunity to understand aspects of India's historical and architectural heritage. At Waste to Wonder Park, students observed artistic installations created from discarded materials and developed an understanding of waste segregation, recycling, reuse and sustainable environmental practices.

The excursion was conducted in a disciplined and organised manner with the active cooperation of the teachers and staff members. Students displayed enthusiasm, curiosity and responsible behaviour throughout the visit.

The educational excursion proved to be a valuable and enriching learning experience. It contributed towards the holistic development of students by promoting experiential learning, environmental awareness, appreciation of cultural heritage, creativity, social interaction, teamwork and responsible citizenship.

Overall, the excursion successfully complemented classroom teaching and provided students with memorable experiences along with meaningful learning beyond the classroom.
