

June 5, 2024 to June 11,2024 World Environment day celebrations

World Environment day celebrations

On this #WorldEnvironmentDay, let's inspire our students and communities to renew their commitment to keeping our campuses pristine and promoting a sustainable future for all. Together, we can ensure our school campuses remain clean and green. #EcoClubs in schools are spreading awareness and taking action to sensitize people on environmental issues. #Vidyanjali

Events conducted

Planting saplings

केन्द्रीय विद्यालय संगठन

Our Vidyalaya organised a mass tree plantation drive in the Vidyalaya premises in which more than 50 participants planted saplings supporting OUR LAND OUR FUTURE.

Poster making, Essay writing, Drawing competition

In connection with the World Environment day celebrations, we have conducted various competitions like Poster making, Essay writing and drawing competitions in which many students participated with great enthusiasm and zeal and exhibited their talents.

Other events

Various other events for the entire week is organised under the theme Land restoration, desertification and drought resilience How Can We Deal with E-waste In today's world, electronic gadgets like this home Comparises are extrywhere But when there gadgets are thrown away it hey become today to the second of the second is and the tesponsible. Citizen's its impartant for used to the second of the second is and the tesponsible. Citizen's the world is and the tesponsible. Citizen's the world is and tesponsible. Citizen's the second is and tesponsible. Citizen's the second is and tesponsible in work, we can drank them to they can be britten down and turned in the to they can be britten down and turned in the to they can be britten down and turned in the to they can be britten down and turned in the to they can be britten down and turned in the tesponsible instead of throwing them to second thand strees the can define the towards and the world the second is built to tesponsible the conclusion. As a responsible citizens we know the world the second is built to tesponsible to an example to and and the to the conclusion as a responsible citizens we know the the second tesponsible citizens we know the tesponsible citizens we know tesponsible citizens we
