“Creativity is seeing what everyone else has seen, and thinking what no one else has thought”. rightly said by Albert Einstein . I am overwhelmed with immense joy as the primary department of our school is about to publish the first Newsletter for the academic year 2024-25.It is the result of indomitable determination shown by a group of devoted teachers and students. As education is an attempt to nurture the child into a better human being, is highly important to provide a platform to express their views and thoughts. I would like to appreciate the sincere efforts taken by teachers of Primary department under the guidance of Mr. Anil Kumar (HM).
