WORKSHOP/TRAINING

A school is an important instrument of social engineering and a training ground for the students who will hold the reins of the country in future. Such a significant segment of the society cannot be left to its fate to languish in the hands of outdated educators and therefore the teachers must be properly trained to handle this human resource to develop a value based productive citizenry. Every teacher should be basically an ardent learner. In the course of his teaching, the teacher acquires educational experience, which he analyses and generalizes to improve his own pedagogical procedures.

Through, self-education his personality as a teacher is transformed into an effective and efficient teacher. The essence of In-service education of teachers is thus to (i) develop in him the requisite competencies and (ii) to improve the commitment level of the teacher so that his personality as a teacher is enriched and he is in a position to make his contributions felt in the society and in the academic world.
