

SHRI schools. It is a matter of pride to have completed 1 year of PM SHRI scheme. As our honorable Prime minister expressed his vision to make India again to gain it's lost status of Vishvaguru he took this step to make greater changes in our school education system. Under this scheme our school has progressed and advanced in various ways. And day by day we are proudly increasing our achievements in making the India the best India.

Our school has showcased the implementation of the national education policy 2020 and emerged as exemplar school over a period of time. It had adopted a modern transformational and holistic approach of imparting education. It had laid an emphasis on discovery-oriented learning centric way of teaching. Smart classrooms, sports and yoga, latest technology is the focus. The school has been upgraded with well equipped Labs, e- library with proper furniture and space. Touching all the aspects of modern educated world, art rooms are not only just for paint, brush and paper now it is showing its real potential – students are using their creative ideas through model making with scientific approaches (how to maximize the use of waste). It has been also developing as green school with water conservation, waste recycling energy, PM SHRI HERBAL GARDEN is point of attraction and knowledge for the students, efficient infrastructure for providing equitable and quality education from the foundational stage to grade 12 to all children up to the age of 18 suitable facilitating systems are put in place.

Provision for clean drinking water, hand washing facility and clean toilets for the staff and students are available. Functional vending machine for sanitary pads and incinerators are available in girl's washrooms. All the labs of science - Physics, Chemistry and Biology are well furnished. Internet facility is available in the school. Students are getting the opportunity to learn through smart classrooms and the library is fully furnished with a variety of books. Sports facilities has been increased with the addition of Girls Safety Training Programme . The primary students enjoy learning through the JADUI PITARA, BALA

INITIATIVE And in this very session we introduced a medium of joyful learning – The Toy Library. Its Vibrant form of diversity has an intensive urge of learning. Our toy Library is now the best place to teach and learn inclusive education.

All the Teachers and students are provided with proper ID Cards. Teaching and learning materials are used by the teachers timely whenever required. Colourful and separate dustbins for waste segregation are kept at proper corners in the vidyalaya.

PM SHRI SCHOOLS are changing every aspects of our educational system. Such as :

- Administrators can quickly and easily take the decisions which benefits the students most. Adequate funds ,can adopt any innovative ideas and so on.
- Students are happy because now they are seeing a baus change through learning by doing and being provided the necessary resources.

getting the required knowledge in this modern era of cut throat competition.

Because PM SHRI SCHOOLS are now a Global Tag which welcomes innovative learners and hungry minds of knowledge.

- Nation is happy because now we are producing the highest quality of learners which will help in achieving the dream of Viksit Bharat vision 2047.
- World is happy because we are not only producing best of minds but also that culture which welcomes all and proudly says “Vasudev Kutumbak Kam.”
- In nutshell this is the change we are looking from generations.

And We PM SHRI KENDRIYA VIDYALAYA SECTOR 3 ROHINI are proud enough to say that we are the part of this great initiative and we are leveling up ourselves each and every moment through this initiative.

Visible changes of PM SHRI Scheme
