

Report on National Space Day Celebration

PM SHRI Kendriya Vidyalaya, Sector-3, Rohini

National Space Day was celebrated with great enthusiasm at PM SHRI Kendriya Vidyalaya, Sector-3, Rohini, on **23 August 2026**. The celebration aimed to create awareness among students about India's achievements in space exploration and to inspire them to take an interest in science and technology.

Various activities were organised for the students, including **speeches, quizzes, poster-making, and presentations** on space science and India's space missions. Students actively participated in these activities and displayed their creativity and knowledge.

The programme highlighted the significance of **Chandrayaan-3** and India's growing achievements in space exploration. The celebration was informative and inspiring and encouraged students to dream big and contribute to the field of science and technology.

The programme concluded with a message encouraging students to remain curious, innovative, and interested in space science.
