"Dear (Non- KV) Students,

As you choose your stream for Class XI, remember: it's about YOU. Don't let friends' or parents' choices dictate your path. Consider your:

1. Interests
2. Strengths
3. Career aspirations
4. Marks obtained in Class X (as a guide, not the sole factor)

Science, Commerce, or Humanities - each stream has its unique opportunities. Make an informed decision based on your intellectual curiosity and aptitudes.

Choose wisely, and own your future!"

*Maths will available only to those who had standard maths in class X.
