

P M SHRI KV SECTOR 2 R K PURAM, NEW DELHI

ICT INFRASTRUCTURE

ICT stands for Information and Communication Technology. It includes a diverse set of technological tools such as computers, internet, television etc. and resources used to communicate, create, disseminate, store, and manage information.

ICT skills help us to communicate, run our business and stay connected with our family and friends. Hence, every person needs to acquire ICT skills and build them to stay updated with the latest software and apps.
