HM'S MESSAGE

I am happy to say that the newsletter for primary classes is in front of us. This newsletter is like a mirror in which glimpses of various activities of small children can be observed. The activities organized in primary classes have been determined according to the developmental goals of the children. Efforts are being made under the Nipun Bharat program for the all-round development of children and to enhance the versatile talent inherent in them.

The editors of this newsletter, all the teachers of the primary department and the children deserve for congratulations.
