SUMMER HOLIDAY HOMEWORK

CLASS: V

SUBJECT: TWAU

Q1. Experiential Learning Activity:

Topic: Water Purification at Home

Instructions:

Perform a simple water filtration experiment using a plastic bottle, sand, charcoal, pebbles, and cotton.

Collect dirty water and filter it step-by-step.

Record observations: What changed? Was the water clear?

Write a small report:

Materials used

Steps

Observations

Conclusion

Take photos of each step and stick them on a sheet.

Q2. Model Making Activity:

Topic: Parts of a Plant and Their Functions

Instructions:

Make a 3D model of a plant using clay, paper, wires, or recycled material.

Clearly show and label roots, stem, leaves, flowers, and fruits.

On a chart paper, explain the function of each part.

Be creative: You can add small information cards near each part!

Q3. What are natural and man-made materials? Give examples of each and explain how materials like wood, iron, and cotton are useful in our daily lives.

Q4. Describe how the materials we use can affect the environment. Suggest three ways we can use materials more responsibly.

Q5. What is the difference between a natural disaster and a man-made disaster? Give two examples of each and explain the effects they have on people and the environment.

Q6. Imagine you are part of a team helping during a disaster. Write a few paragraphs describing what you would do to help the people affected.

PM SHRI KV, Seoni
